

specific *ad valorem* duty assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total value of the subject merchandise entered during the POR. In order to estimate the entered value, we subtracted international movement expenses from the gross sales value. This rate will be assessed uniformly on all entries of that specific importer made during the POR. The Department will issue appraisal instructions directly to the U.S. Customs Service.

Furthermore, the following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of HSLWs from the PRC entered, or withdrawn from warehouse for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For ZWG, which has a separate rate, the cash deposit rate will be the company-specific rate established in the final results of this administrative review; (2) for all other PRC exporters, the cash deposit rate will be the PRC rate, which is 128.63 percent, which is the All Other PRC Manufacturers, Producers and Exporters rate from the *Final Determination of Sales at Less Than Fair Value: Certain Helical Spring Lock Washers from the PRC*, 58 FR 48833 (September 20, 1993); and (3) for non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter.

These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 771(i)(1) of the Act.

Dated: November 3, 1998.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Industrial Nitrocellulose From the Republic of Korea; Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty Administrative Review.

SUMMARY: On July 10, 1998, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on industrial nitrocellulose (INC) from the Republic of Korea (Korea). This review covers one manufacturer/exporter of the subject merchandise to the United States during the period July 1, 1996, through June 30, 1997.

We gave interested parties an opportunity to comment on our preliminary results. Based on our analysis of the comments received, we have changed the final results from those presented in the preliminary results.

EFFECTIVE DATE: November 9, 1998.

FOR FURTHER INFORMATION CONTACT: Todd Peterson or Thomas Futtner, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4195 or 482-3814, respectively.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR Part 351 (62 FR 27296, May 19, 1997).

SUPPLEMENTARY INFORMATION:

Background

On July 10, 1998, the Department published in the **Federal Register** (63 FR 37329) the preliminary results of the administrative review of the antidumping order on industrial nitrocellulose (INC) from Korea, 55 FR 28267 (July 10, 1990). On August 10, 1998, we received a case brief from Daesang Corporation (respondent) as

well as comments from Hercules Incorporated (petitioner). Based on our analysis of the comments received, we changed the final results from those presented in the preliminary results.

Scope of Review

Imports covered by this review are shipments of INC from Korea. INC is a dry, white amorphous synthetic chemical with a nitrogen content between 10.8 and 12.2 percent, and is produced from the reaction of cellulose with nitric acid. INC is used as a film-former in coatings, lacquers, furniture finishes, and printing inks. The scope of this order does not include explosive grade nitrocellulose, which has a nitrogen content of greater than 12.2 percent.

INC is currently classified under Harmonized Tariff System (HTS) subheading 3912.20.00. While the HTS item number is provided for convenience and Customs purposes, the written description remains dispositive as to the scope of the product coverage. This review covers one manufacturer/exporter of industrial nitrocellulose, Daesang Corporation, and period July 1, 1996, through June 30, 1997.

Analysis of Comments Received

Comment 1

Daesang states that the Department made a clerical error in its preliminary results computer programming by erroneously adding both the commission offset (OFFSETU) and U.S. indirect selling expenses (INDEXUS) in its calculation of foreign net price expressed in dollars (FUPDOL). Daesang states that OFFSETU correctly accounted for home market commissions on two of the three matching control numbers (CONNUMs) for the U.S. sales, which had no commissions. Adding the variable INDEXUS in the calculation of FUPDOL would lead to a double counting of the commission offset. While petitioner did not comment on this specific issue, petitioner supports the Department's Preliminary Determination.

Department's Position

We agree with Daesang Corporation that home market commissions or U.S. indirect selling expenses, whichever is less, have been accounted for in U.S. offsets (OFFSETU) applied to FUPDOL, and have revised our programming language accordingly for these final results.

Final Results of the Review

As a result of our review, we determine that the following margin exists:

Manufacturer/Exporter	Margin (percent)
Daesang Corporation	2.1

The Department shall determine, and the Customs Services shall assess, antidumping duties on all appropriate entires. Individual differences between export price and normal value may vary from the percentage stated above. We have calculated an importer-specific duty assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the same sales. The rates will be assessed uniformly on all entries of that particular company made during the POR. The Department will issue appraisal instructions directly to the Customs Service.

The following deposit requirements will be effective upon publication of this notice of final results of review for all shipments of industrial nitrocellulose from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the reviewed company will be the rate listed above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be 66.30 percent, the "all others" rate established in the LTFV investigation (55 FR 21055, May 22, 1990). These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the

disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.32 of the Department's regulations. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 30, 1998.

Robert S. LaRussa,

Assistant Secretary, Import Administration.

Industrial Nitrocellulose From the United Kingdom; Extension of Time Limit for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Extension of time limit for final results of antidumping duty administrative review of industrial nitrocellulose from the United Kingdom.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the final results of the antidumping duty administrative review of the antidumping order on industrial nitrocellulose from the United Kingdom. This review covers one producer/exporter of industrial nitrocellulose. The period of review is July 1, 1996 through June 30, 1997.

EFFECTIVE DATE: November 9, 1998.

FOR FURTHER INFORMATION CONTACT: Todd Peterson or Thomas Futtner, AD/CVD Enforcement Group II, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington D.C. 20230, telephone (202) 482-4195 or 482-3814, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act") are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless

otherwise indicated, all citations to the Department's regulations are references to the provisions codified at 19 CFR 351.101, et seq. (62 FR 27296—May 19, 1997).

Extension of Final Results

The Department initiated this administrative review on August 28, 1997 (62 FR 45621). Under section 751(a)(3)(A) of the Act, the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the review within the statutory time limit of 365 days. Because of the complexity of an issue in this case, it is not practicable to complete this review within the statutory time limit of 365 days. The Department, therefore, is extending the time limit for the final results of the aforementioned review to February 3, 1999. See memorandum from Holly A. Kuga to Robert S. LaRussa, which is on file in Room B-099 at the Department's headquarters.

This extension of time limit is in accordance with section 751(a)(3)(A) of the Act and § 351.213(h)(2) of the Department's regulations.

Dated: November 3, 1998.

Holly A. Kuga,

Acting Deputy Assistant Secretary, AD/CVD Enforcement Group II.

Manganese Metal from the People's Republic of China; Notice of Extension of Time Limit for Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit.

SUMMARY: The Department of Commerce is extending the time limit for the preliminary results of the second review of the antidumping duty order on manganese metal from the People's Republic of China. The period of review is February 1, 1997 through January 31, 1998. This extension is made pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended by the Uruguay Round Agreement Act.

EFFECTIVE DATE: November 9, 1998.
