Manufacturing Extension Partnership National Advisory Board; Notice of Renewal

In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. 2, and the General Services Administration (GSA) rule on Federal Advisory Committee Management, 41 CFR Part 101-6, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Manufacturing Extension Partnership National Advisory Board is in the public interest in connection with the performance of the duties imposed on the Department by law.

The Committee was first established in October 1996 to advise MEP regarding their programs, plans, and policies. In renewing the Board, the Secretary has established it for an additional two years. During the next two years, the Board plans to study the variety of business models that the centers have adopted to deliver services within their local markets; look at the program evaluation metrics and its effect on center operations and impact; and address ways that the Board can raise awareness of MEP and build stronger relationships with programs that have complimentary missions.

The Board will consist of nine members to be appointed by the Director of the National Institute of Standards and Technology to assure a balanced membership that will represent the views and needs of customers, providers, and others involved in industrial extension throughout the United States.

The Board will function solely as an advisory body and in compliance with the provisions of the Federal Advisory Committee Act. Copies of the Board's revised charter will be filed with the appropriate committees of the Congress and with the Library of Congress.

Inquiries or comments may be directed to Linda Acierto, Assistant to the Director for Policy, Manufacturing Extension Partnership, National Institute of Standards and Technology, Gaithersburg, Maryland, 20899; telephone: 301-975-5020.
