Because the URAA replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies, the procedures for establishing countervailing duty rates, including those for non-reviewed companies, are now essentially the same as those in antidumping cases, except as provided for in section 777A(e)(2)(B) of the Act. The requested review will normally cover only those companies specifically named. See 19 CFR 351.213(b). Pursuant to 19 CFR 351.212(c), for all companies for which a review was not requested, duties must be assessed at the cash deposit rate, and cash deposits must continue to be collected, at the rate previously ordered. As such, the countervailing duty cash deposit rate applicable to a company can no longer change, except pursuant to a request for a review of that company. See *Federal-Mogul Corporation and the Torrington Company v. United States*, 822 F. Supp. 782 (CIT 1993) and *Floral Trade Council v. United States*, 822 F. Supp. 766 (CIT 1993) (interpreting 19 CFR 353.22(e) (now 19 CFR 351.212(c)), the antidumping regulation on automatic assessment, which is identical to 19 CFR 355.22(g)). Therefore, the cash deposit rates for all companies, except those covered by this review, will be unchanged by the results of this review.

We will instruct Customs to continue to collect cash deposits for non-reviewed companies at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to non-reviewed companies

covered by this order will be the rate for that company established in the most recently completed administrative proceeding conducted under the URAA. See *1994 Castings Final*. If such a review has not been conducted, the rate established in the most recently completed administrative proceeding pursuant to the statutory provisions that were in effect prior to the URAA amendments is applicable. See *Final Results of Countervailing Duty Administrative Review: Certain Iron-Metal Castings From India*, 61 FR 64676 (December 6, 1996) (*1993 Castings Final*). These rates shall apply to all non-reviewed companies, including those companies for which the review is being rescinded, until a review of a company assigned these rates is requested and completed. In addition, for the period January 1, 1996 through December 31, 1996, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 355.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)).

Dated: November 10, 1998.

National Institute of Standards and Technology

[Docket No. 980107004-8216-02]

Approval of Withdrawal of Sixteen Federal Information Processing Standards (FIPS) Publications

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The purpose of this notice is to announce that the Secretary of Commerce has approved the withdrawal of sixteen Federal Information Processing Standards (FIPS) Publications.

Sixteen FIPS are being withdrawn because they are obsolete, or have not been updated to adopt current voluntary industry standards. Federal agencies and departments are directed by the National Technology Transfer and Advancement Act of 1995, Pub. L. 104-113, to use technical standards that are developed in voluntary consensus standards bodies. Consequently, there no longer is a need for FIPS that duplicate voluntary industry standards.

EFFECTIVE DATE: This withdrawal is effective November 18, 1998.

FOR FURTHER INFORMATION CONTACT: Ms. Shirley M. Radack, telephone (301) 975-2833, National Institute of Standards and Technology, Gaithersburg, MD 20899.

SUPPLEMENTARY INFORMATION: On February 24, 1998, notice was published in the **Federal Register** (63 FR 9199) proposing withdrawal of nineteen Federal Information Processing Standards (FIPS) Publications, because the technical specifications that they adopt are obsolete and are no longer supported by industry.

Withdrawal means that the FIPS will no longer be part of a subscription series that is provided by the National Technical Information Service, and that NIST will no longer be able to support the standards by answering implementation questions or updating the FIPS when the voluntary industry standards are revised. Current voluntary industry standards should be used by agencies in their procurement actions when appropriate, in accordance with OMB Circular A-119, Federal Participation and Use of Voluntary Standards.

This notice provides only the FIPS publication number, title, and the technical specifications number for each of the sixteen FIPS Publications being withdrawn:

- FIPS 41, Computer Security Guidelines for Implementing the Privacy Act of 1974
