

means of contacting the employees it was seeking to organize, before permitting the NFFE organizer access to its premises, including common areas. According to the RD, the Activity permitted the NFFE organizer improper access when the only limit it placed on him was to solicit signatures of employees in work areas on their non-duty time.

The RD concluded that, under the totality of the circumstances, the Activity had unlawfully assisted NFFE, because it controlled the premises, it failed to verify whether NFFE had alternative means of contact, and it permitted NFFE access to the premises. The RD concluded that, because the unlawful assistance interfered with the employees' rights under section 7102 of the Statute, any cards signed during the period of the Activity's unlawful assistance were tainted. Therefore, the RD dismissed the petition.

### 3. The Application for Review

As applicable here, NFFE contends that its non-employee organizer had a right to be on the Activity's premises because NFFE represents employees at that Activity and because NFFE did not do anything illegal in its solicitation of the showing of interest. NFFE contends that the signatures on its showing of interest petition were validly obtained by bargaining unit employees. NFFE asserts that its organizer merely gathered the petition sheets from the employees who had obtained the signatures. NFFE also asserts that there was no showing that any of the signatures was improperly obtained.

NAGE asserts that the facts support the conclusion that the Activity unlawfully assisted NFFE in obtaining signatures.

Addressing NFFE's contentions, the Authority concluded that NFFE did not establish that the RD committed prejudicial procedural error in holding a hearing or that the RD disregarded Authority Regulations, and denied NFFE's application in these and other respects. NFFE did not raise and the Authority did not reach the question of whether the RD properly applied the standards set forth in *Social Security*.

Finding that there is an absence of precedent, the Authority granted the application for review on the issue of what standard should apply to evaluate whether the type of improper conduct alleged in this case warrants dismissal of an otherwise valid election petition.

### 4. Question on Which Briefs Are Solicited

The Authority has directed the parties in the case to file briefs addressing the

following question: What standard should be used to determine whether an activity's improper conduct should lead to the dismissal of an election petition on the basis that the accompanying showing of interest was tainted?

As this matter is likely to be of concern to agencies, labor organizations, and other interested persons, the Authority finds it appropriate to provide for the filing of amicus briefs addressing these issues.

(Authority: 5 U.S.C. 7105(a)(2) (B) and (I)).

For the authority.
