Submission for OMB Review: Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration.

Title: Product Characteristics-Design Check-Off List.

Agency Form Number: ITA-426P.

OMB Number: 0625-0035.

Type of Request: Regular Submission.

Burden: 1,000 hours.

Number of Respondents: 2,000.

Avg. Hours Per Response: 30 minutes.

Needs and Uses: The International Trade Administration (ITA) sponsors up to 120 overseas trade fair events each fiscal year. In addition, there is a Matchmaker Program of approximately 20 events annually, which is a combination of multi-stop trade missions and small equipment presentations. Trade fairs involve U.S. firms exhibiting their goods and services at American pavilions at internationally recognized events worldwide. In the case of Matchmakers, ITA organizes U.S. Company missions, traveling to 2 or 3 foreign locations. Matchmakers combine exhibit booth/product

presentation orientation and by-appointment only meetings in facilities capable of accommodating 20-40 U.S. firms.

The Product Characteristics-Design Check off list seeks from participating U.S. firms information on the physical nature, power (utility) and graphic requirements of the products and services to be displayed, and to ensure the availability of utilities active product demonstrations. This form also allows U.S. firms to identify special installation instructions that can be critical to the proper placement and hookup of their equipment and/or graphics. Without the timely and accurate submission of form ITA-426P, Product Characteristics-Design Check Off List, ITA would be unable to provide a pavilion facility that would effectively support the sales/marketing and presentation objectives of U.S. participants. The anticipated result would be diminished program productivity, then declining participation by U.S. firms. A second possible result would be reduced private sector funds and possibly the discontinuation of this type of U.S. international trade event program.

Affected Public: Businesses or other for profit, not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit, voluntary.

OMB Desk Officer: David Rostker, (202) 395-7340.
