[Airspace Docket No. 98-AWP-21]

Revision of Class D Airspace; San Diego-Gillespie Field, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This document confirms the effective date of a direct final rule which revises the Class D airspace area at San Diego-Gillespie Field, CA by lowering the ceiling from 2,900 feet Mean Sea Level (MSL) to 2,400 feet MSL. The proposed modification of the San Diego, CA, Class B airspace area would create a narrow 300 foot corridor northeast of Gillespie Field. This corridor would reduce the available airspace for aircraft that are approaching or overflying

Gillespie Field from the northeast. Lowering the Gillespie Field Class D airspace ceiling will create an 800 foot corridor along this same route, thereby increasing navigable airspace for aircraft operating under Visual Flight Rules (VFR).

EFFECTIVE DATE: The direct final rule published at 63 FR 50140 is effective 0901 UTC, December 31, 1998.

ADDRESSES: Send comments on the direct final rule confirmation date in triplicate to: Federal Aviation Administration, Attn: Manager, Airspace Branch, AWP-520, Docket No. 98-AWP-21, Air Traffic Division, P.O. Box 92007, Worldway Postal Center, Los Angeles, California 90009.

The official docket may be examined in the Office of the Assistant Chief Counsel, Western-Pacific Region, Federal Aviation Administration, Room 6007, 15000 Aviation Boulevard, Lawndale, California 90261.

An informal docket may also be examined during normal business hours at the Office of the Manager, Airspace Branch, Air Traffic Division at the above address.

SUPPLEMENTARY INFORMATION: On September 21, 1998, the FAA published in the **Federal Register** a direct final rule; request for comments, which revised the Class D airspace at San Diego-Gillespie Field, CA by lowering the ceiling of the Class D from 2,900 feet Mean Sea Level (MSL) to 2,400 feet MSL. (FR Document 98-25208, 63 FR 50140, Airspace Docket No. 98-AWP-21). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on December 31, 1998. No adverse comments were received; therefore this document confirms that this direct final rule will become effective on that date.

Issued in Los Angeles, California, on October 30, 1998.
