

constructed, indicating that sales in the foreign market in question are at below-cost prices." *Id.* Based upon the petition for the representative foreign like products to its adjusted costs of production, in accordance with section 773(b)(2)(A)(i) of the Act, we find the existence of "reasonable grounds to believe or suspect" that sales of these foreign like products in Taiwan were made below their respective COP's. Accordingly, the Department is initiating the requested country-wide cost investigation.

Initiation of Antidumping Investigation

We have examined the petition on DRAMs from Taiwan and have found that it meets the requirements of section 732 of the Act, including the requirements concerning allegations of the material injury or threat of material injury to the domestic producers of a domestic like product by reason of the complained-of imports, allegedly sold at less than fair value. Therefore, we are initiating an antidumping duty investigation to determine whether imports of DRAMs from Taiwan are being, or are likely to be, sold in the United States at less than fair value. Unless extended, we will make our preliminary determination by April 1, 1999.

Distribution of Copies of the Petition

In accordance with section 732(b)(3)(A) of the Act, a copy of the public version of the petition has been provided to the representatives of the authorities of Taiwan. We will attempt to provide a copy of the public version of the petition to each exporter named in the petition (as appropriate).

ITC Notification

We have notified the ITC of our initiation, as required by section 732(d) of the Act.

Preliminary Determination by the ITC

The ITC will determine by December 7, 1998, whether there is a reasonable indication that imports of DRAMs from Taiwan are causing material injury, or threatening to cause material injury, to a U.S. industry. A negative ITC determination in the investigation will result in this investigation being terminated; otherwise, the investigation will proceed according to statutory and regulatory time limits.

This notice is published pursuant to section 771 (i) of the Act.
