Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the

Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

1. Proposed Project

Prostate and Colorectal Cancer Screening Policies in the Managed Care Environment—New—The National Center for Chronic Disease Prevention and Health Promotion, Division of

Cancer Prevention and Control. Prostate and colorectal cancer are among the leading causes of cancer deaths in the U.S. Prostate cancer screening has increased rapidly during the past few years although it is unknown whether screening decreases prostate cancer mortality and conflicting screening guidelines exist. Evidence suggests that colorectal cancer screening can save lives and efforts are under way to increase participation in screening. An increasing number of people are served by managed care organizations where they may receive cancer screening tests. However, for both types of cancer screening little information is available on screening guidelines for practitioners of managed care organizations (HMOs). Therefore, the Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Division of Cancer Prevention and Control, intends to conduct a survey of HMOs to determine whether prostate and colorectal cancer screening guidelines exist within HMOs, and whether these guidelines are issued on the national level for all member plans or for each plan individually, and to determine the content of these guidelines. The total cost to respondents is estimated at \$13,000.

Respondents	Number of respondents	Number of responses/respondent	Average burden/response (in hrs.)	Total burden (in hrs.)
HMOs	550	1	0.17	92
Total	92

2. School Health Policies and Programs Study 2000 (SHPPS 2000)—New—The National Center for Chronic Disease Prevention and Health Promotion. The purpose of this request is to obtain OMB clearance to conduct a study of school health policies and programs in elementary, middle/junior, and senior high schools nationwide. A similar study was conducted in 1994 (OMB No. 0920-0340). SHPPS 2000 will

assess the characteristics of eight components of school health programs at the elementary, middle/junior, and senior high school levels: health education, physical education and activity, health services, food service, school policy and environment, mental health and social services, faculty and staff health promotion, and family and community involvement. SHPPS 2000 data will be used to provide end-of-

decade measures for 18 national health objectives for 2000 and as a baseline measure for at least 17 draft objectives for 2010. No other national source of data exists for these 2000 and draft 2010 objectives. The data also will have significant implications for policy and program development for school health programs nationwide. The total estimated cost to respondents \$614,548.

ANNUAL BURDEN HOURS FOR SHPPS 2000 MAIN DATA COLLECTION, SPRING 2000

Questionnaire/activity	Respondent	Number of respondents	Burden hours per respondent	Total burden hours
State Health Education	State officials	51	1.00	51.0
State Physical Education and Activity	State officials	51	1.00	51.0
State Health Services	State officials	51	1.00	51.0

ANNUAL BURDEN HOURS FOR SHPPS 2000 MAIN DATA COLLECTION, SPRING 2000—Continued

Questionnaire/activity	Respondent	Number of respondents	Burden hours per respondent	Total burden hours
State Food Service	State officials	51	1.00	51.0
State Questionnaire on School Policy and Environment.	State officials	51	1.25	63.8
State Mental Health and Social Services	State officials	51	1.00	51.0
State Faculty and Staff Health Promotion	State officials	51	0.50	25.5
Assist with identifying state level respondents and with recruiting districts and schools.	State officials	51	1.00	51.0

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-7090. Send written

comments to CDC, Desk Officer; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Projects

1. Evaluation of the C. Everett Koop Community Health Information Center (CHIC)—New—The National Center for Chronic Disease Prevention and Health Promotion intends to conduct a survey of 25 individuals who pay for library research services from the CHIC and an additional 50 individuals who represent members of key intermediary organizations that the CHIC would like to reach but is currently not reaching. The specific topic area for this study relates to the ability of the CHIC to meet the health information needs of the general public.

The purpose of this survey is to determine:

The level of satisfaction with CHIC services among paying patrons who

request services via telephone (the CHIC currently conducts a satisfaction survey with all walk-in patrons).

The level of knowledge about the CHIC among key intermediary individuals and organizations—the health information needs of key intermediary individuals and organizations.

How to market CHIC services to key intermediary individuals and organizations.

Results from this research will be used to help evaluate the effectiveness of the CHIC in meeting the health information needs of the general public. Results from this research will provide the government with information about the efficacy of health information centers. In addition, this information will also be used by the CHIC to further enhance their ability to deliver health information services to the public residing in the Delaware Valley. The total annual burden hours are 17.
