

this draft guidance will be used to help develop the agenda for this meeting.

This draft level 1 guidance is being issued consistent with FDA's good guidance practices (62 FR 8961, February 27, 1997). The draft guidance represents the agency's current thinking on CMC documentation to be submitted in NDA's and ANDA's for metered dose inhalation aerosols, metered dose nasal aerosols, and inhalation powders. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirement of the applicable statute, regulations, or both.

Interested persons may submit written comments on the draft guidance to the Dockets Management Branch (address above). Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft guidance and received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday.

#### Supplemental Grant Award to the National Research and Training Center at the University of Illinois, Chicago, IL

**AGENCY:** Center for Mental Health Services (CMHS), Substance Abuse and Mental Health Services Administration (SAMHSA), DHHS.

**ACTION:** Planned supplemental grant award to the Employment Intervention Demonstration Program (EIDP) Coordinating Center at the University of Illinois, Chicago, Illinois.

**SUMMARY:** This notice is to provide information to the public concerning a planned supplemental award by CMHS/SAMHSA to the existing grant to the National Research and Training Center

(NRTC). This award will provide additional support for the EIDP Coordinating Center in order to expand coordination, data management, and dissemination of the EIDP study results. Upon receipt of a satisfactory application that is recommended for approval by an Initial Review Group and the CMHS National Advisory Council, up to \$600,000 in Federal funds may be awarded to this organization over the remaining project period of the existing EIDP Coordinating Center grant which is scheduled to end on May 31, 2000.

This is not a formal request for applications. Grant funds will be provided only to the organization named above.

**Authority/Justification:** This grant will be made under the authority of Section 520A of the Public Health Service Act, as amended (42 U.S.C. 290bb-32).

The Catalog of Federal Domestic Assistance (CFDA) number is 93.125.

The goal of the EIDP is the generation of knowledge about effective approaches for enhancing employment for adults with severe mental illnesses through support for the implementation and evaluation of promising employment intervention programs. In FY 1995 the National Research and Training Center competed successfully to be the Coordinating Center for an expected EIDP involving approximately 4 sites. However, CMHS subsequently determined the program should fund 8 sites to maximize the potential benefits of the program. The purpose of this supplemental award is to fund the additional coordination and data management requirements imposed on NRTC for a program which has expanded to 8 sites and, building upon the expertise gained by the Coordinating Center during the first years of the study, to develop and implement a knowledge dissemination strategy for all 8 (rather than 4) sites. The supplemental work is inextricably linked to the current activities that the NRTC is already performing for the EIDP.

For the above reasons, only an application from the National Research and Training Center will be considered for this program.
