A Finding of No Significant Impact (FONSI) was issued consequent to the issuance of the Final Programmatic Environmental Assessment (EA). A notice was published in the **Federal Register** notifying release of the document on September 28, 1998. The Service is furnishing this notice to ensure that interested parties have every opportunity to offer input, comments, and suggestions with respect to the Service's proposed management objectives and strategies detailed in the draft CCP document attached to the Final Programmatic EA.

DATES: The Service will be open to written advice and comment on the draft CCP Objectives and Strategies through November 30, 1998.

ADDRESSES: Comments may be sent to: Mr. Tom Baca, Natural Resource Planner, U.S. Fish and Wildlife Service, Southwest Region, Division of Refuges and Wildlife, P. O. Box 1306, Albuquerque, NM 87103.

SUPPLEMENTARY INFORMATION: It is the U.S. Fish and Wildlife Service policy to have all lands within the National Wildlife Refuge System managed in accordance with an approved CCP. The CCP guides management decisions and identifies refuge goals, long-range objectives, and strategies for achieving refuge purposes. The planning process has considered and will continue to consider many elements, including habitat and wildlife management, habitat protection and acquisition, public and recreational uses, and cultural resources. Continued public input into this planning process is essential. The CCP document when finalized will provide other agencies

and the public with a clear understanding of the desired conditions for the Refuges and how the Service will implement management strategies.

Review of these projects will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), NEPA Regulations (40 CFR parts 1500-1508), other appropriate Federal laws and regulations, including the National Wildlife Refuge System Improvement Act of 1997, Executive Order 12996, and Service policies and procedures for compliance with those regulations.

The Service anticipates that a Final CCP will be available by December 30, 1998.
