

near future as various pilot efforts reach maturity and resulting recommendations are implemented.

Potential respondents should also note that the mere conduct of a Determination of Need in no way presupposes that there will or will not be a subsequent RIK sale(s). A Determination of Need is a logical first step in identifying general marketplace conditions. However, any decision to conduct an RIK sale(s) will necessarily be predicated on the regulatory criteria of "access" and "equity"—i.e., whether a significant number of refiners have limited or no access to the marketplace and/or have experienced difficulty in negotiating a fair price for feeder stocks.

Information Requested

To assist MMS in completing a Determination of Need, please respond in writing or electronically to the following questions:

- (1) How would you describe your business activity—small/independent refiner, other refiner, producer, transporter, etc.?
- (2) For your immediate region or geographic area of operation, how would you characterize the general availability of crude oil?
- (3) Do you currently own or lease an operating refinery? If so, where is it located?
- (4) Is your refinery operating at full or near-full capacity? If not, why not?
- (5) Do you meet the RIK program eligibility criteria previously noted for onshore or offshore leases, or both?
- (6) What percentage of onshore versus offshore crude oil volumes are currently being run through your refinery?
- (7) What type of crude is desired to sustain your mix of refined products—Wyoming Sweet, Wyoming Sour, Light Louisiana Sweet, etc.?
- (8) Have you been denied access to crude oil supplies in the past 12 to 18 months? What was the basis for the denial? For example, was the denial attributable to unavailability of desired crude, a lack of access to the transportation pipeline, or other reasons? Please provide documentation supporting any claim of denial.
- (9) Do you use exchange agreements? Why?
- (10) Are the feeder stocks you purchase priced above market values for your geographic area? In other words, do you pay a bonus or premium because of your status as a small and/or independent refiner? Please identify, by crude oil type, what you pay on the average per barrel of oil.
- (11) Have you previously participated in the Federal royalty oil program? If a prior program participant, why did you

leave the program? How would you now benefit from receiving Federal royalty oil?

(12) Do you currently provide refined products (heating oil, jet fuel, etc.) to a U.S. military base or Federal installation? If so, identify the recipient facility and how long you have been supplying refined products.

(13) Do you anticipate any near term developments that would change your access to necessary supplies of crude oil at equitable prices?

Proposed Land Exchange City of Alexandria and Arlington County, Virginia and Notice of Scheduled Environmental Review Process Workshop

AGENCY: Notice is hereby given that the National Park Service (NPS) is proposing to conduct an exchange of land interests with Commonwealth Atlantic Properties Inc., Commonwealth Atlantic Land Company, and Commonwealth Atlantic Land V Inc., hereinafter referred to collectively as Commonwealth. The proposed exchange of land interests concerns two distinct properties located in Alexandria, Virginia, and Arlington County, Virginia, respectively. The National Park Service has scheduled a public workshop as part of its environmental review process to identify and analyze the potential environmental impacts of the proposed exchange.

FOR FURTHER INFORMATION CONTACT:

Associate Superintendent, Stewardship and Partnerships, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

SUPPLEMENTARY INFORMATION: By virtue of an Indenture land agreement dated February 12, 1938, the Richmond, Fredericksburg and Potomac Railroad Company (RF&P), predecessor in title to Commonwealth, conveyed to the United States certain land use restrictions over 29.1 acres of land in Arlington County, Virginia, currently owned by Commonwealth and hereinafter referenced as the "Indenture Land."

Commonwealth also owns 38.55 acres of land in Alexandria, Virginia, hereinafter referenced as "Potomac Greens." By virtue of a Deed of Easement dated August 13, 1984, and in accordance with the terms of a previous Exchange Agreement between the United States and RF&P, the United States conveyed to RF&P a perpetual easement on and across a portion of lands of the George Washington Memorial Parkway (Parkway) for access, including ingress and egress from the northbound and southbound lanes of the Parkway to and from Potomac Greens in return for RF&P's obligation to construct at no cost to the United States a center-piered bridge and all associated ramps and connections necessary for ingress and egress to and from Potomac Greens to the Parkway and other valuable consideration.

Commonwealth is desirous of the United States relinquishing its restrictions on the Indenture Land in order to allow Commonwealth to implement a proposed plan for the mixed use development of the property in exchange for certain restrictions to be conveyed by Commonwealth to the United States relative to building heights and setbacks. Commonwealth has also proposed implementing a plan for the residential development of Potomac Greens, including minimal support retail.

The National Park Service is desirous of acquiring Commonwealth's access rights to the Parkway and in return is willing to partially relinquish the United States' interests in restricting the use of the Indenture Land. In accordance with National Park Service land exchange authority, the National Park Service will conduct an independent appraisal to determine if the interests in land to be exchanged are approximately equal in value.

Pursuant to Council on Environmental Quality regulations and National Park Service policy, the National Park Service announces the presentation of the proposed exchange of land interests associated with two distinct properties located in Alexandria and Arlington County, Virginia, respectively, for public review. Public comment on the proposed land exchange is requested to assist the National Park Service in identifying and analyzing potential environmental impacts.

A public open house to review and comment on the proposed land exchange will be held on December 10, 1998, in the cafeteria of the Cora Kelly Magnet School located at 3600 Commonwealth Avenue, Alexandria, Virginia 22313, between the hours of 7:00 p.m. and 9:30 p.m. Officials of the National Park Service and representatives of Commonwealth will be in attendance to describe the terms of the proposed exchange, answer questions and receive comments.

Detailed information concerning this proposed exchange is available from the Office of Stewardship and Partnerships, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become the final determination of the National Park Service.

For further information please contact Mr. John Parsons, Associate Superintendent, Stewardship and Partnerships, National Capital Region at (202) 619-7025. Written comments may be addressed to Mr. Parsons at the above address.

Dated: November 30, 1998.

Terry R. Carlstrom,

Regional Director, National Capital Region.
