Granite State Gas Transmission, Inc.; Notice of Proposed Changes in FERC Gas Tariff

December 4, 1998.

Take notice that on December 1, 1998, Granite State Gas Transmission, Inc. (Granite State) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the revised tariff sheets listed below for the effectiveness on January 1, 1999.

Sixteenth Revised Sheet No. 21
Seventeenth Revised Sheet No. 22
Twelfth Revised Sheet No. 23

According to Granite State the purpose of its filing is to revise the Gas Research Institute (GRI) surcharges in its firm and interruptible transportation rates to conform with the reduced surcharges to be effective during 1999 proposed by GRI in the settlement in Docket No. RP98-235-000 which was approved by the Commission in an order issued September 29, 1998.

Granite State further states that copies of its filing have been served on its firm and interruptible transportation customers and on the regulatory agencies of the states of Maine, Massachusetts and New Hampshire.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Granite State Gas Transmission, Inc.; Notice of Proposed Changes in FERC Gas Tariff

December 4, 1998.

Take notice that on December 1, 1998, Granite State Gas Transmission, Inc. (Granite State) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the revised tariff sheets listed below for effectiveness on January 1, 1999:

Substitute Sixteenth Revised Sheet No. 21
Substitute Seventeenth Revised Sheet No. 22

According to Granite State, the foregoing tariff sheets propose a revised Power Cost Adjustment (PCA) surcharge applicable to its firm transportation services during the first quarter of 1999 to reimburse Granite State for certain electric power costs that it is obligated to pay Portland Pipe Line Corporation pursuant to the terms of a lease of a pipeline from Portland Pipe Line.

Granite State further states that the total surcharge of \$0.5787 consists of the sum of two components: the Quarterly Forecast PCA factor of \$0.7948 which is based on projected incremental electric power costs to be billed to Granite State during the first quarter of 1999 and the Reconcilable PCA factor of \$<0.2161> which reconciles the accumulated over/under past surcharge collections in the Deferred Account on a quarterly basis.

The method for developing the surcharge in the foregoing manner was approved by the Commission in orders issued in Docket Nos. RP98-155-003 and TM98-4-4-001, according to Granite State.

Granite State further states that copies of its filing have been served on its firm transportation customers and on the regulatory agencies of the states of Maine, Massachusetts and New Hampshire.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Ketchikan Public Utilities; Notice of Ketchikan Public Utilities Request To Use Alternative Procedures in Filing a License Application

December 4, 1998.

The preliminary permit holder, Ketchikan Public Utilities (KPU), has asked to use an alternative procedure in filing an application for original license for the proposed Whitman Lake Hydroelectric Project No. 11597.¹ KPU has demonstrated that they have made an effort to contact all resource agencies, Indian tribes, nongovernmental organizations (NGOs), and others affected by their proposal, and that a consensus exists that the use of an alternative procedure is appropriate in

¹ The 4,500-kilowatt project would be located on Whitman Creek, in Ketchikan Gateway Borough Alaska, partially within the Tongass National Forest.
