The data are collected at quarterly intervals until the twelve months expire or until the units in a building are completely absorbed. The survey also provides estimates of certain characteristics, i.e., asking rent/price, number of bedrooms, of apartments being absorbed, which provides a basis for analyzing the degree to which new apartment construction is meeting the present and future needs of the public.

BILLING CODE 4210-62-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Availability of a Habitat Conservation Plan and Receipt of an Application for an Incidental Take Permit for the Zanker Material Processing Facility, Santa Clara County, California

AGENCY: Fish and Wildlife Service, Interior

ACTION: Notice of availability and receipt of application.

SUMMARY: Zanker Road Resource Management, Ltd. has applied to the Fish and Wildlife Service for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The Service proposes to issue a 3-year permit to Zanker Road Resource Management, Ltd. that would authorize take of the endangered salt marsh harvest mouse (*Reithrodontomys raviventris*) incidental to otherwise lawful activities. Such take would occur during reconstruction of an existing unengineered levee system surrounding a landfill site in Santa Clara County, California. Reconstruction of the levees will result in the temporary loss of approximately 0.83 acres of grassland habitat used by the salt marsh harvest mouse.

We request comments from the public on the permit application, which is available for review. The application includes a Habitat Conservation Plan (Plan). The Plan describes the proposed project and the measures that Zanker Road Resource Management, Ltd. would undertake to minimize and mitigate project impacts to the salt marsh harvest mouse.

We also request comments on our preliminary determination that the Plan qualifies as a "low-effect" Habitat Conservation Plan, eligible for a categorical exclusion under the National Environmental Policy Act. The basis for this determination is discussed in an Environmental Action Statement, which is also available for public review.

DATES: Written comments should be received on or before January 13, 1999.

ADDRESSES: Send written comments to Mr. Wayne White, Field Supervisor, Fish and Wildlife Service, 3310 El Camino Avenue, Suite 130, Sacramento, California 95821-6340. Comments may be sent by facsimile to 916-979-2744.

FOR FURTHER INFORMATION CONTACT: Ms. Lori Rinek or Mr. William Lehman, Fish and Wildlife Biologists, at the above address or call (916) 979-2129.
