FOR FURTHER INFORMATION CONTACT: Harry Pippin, Disability Models Team Leader, Office of Disability, Disability Process Redesign Staff, Social Security Administration, 6401 Security Boulevard, Baltimore, Maryland 21235, 410-965-9203.

SUPPLEMENTARY INFORMATION: Current regulations at 20 CFR 404.906, 404.943, 404.966, 416.1406, 416.1443, and 416.1466 authorize us to test different modifications to the disability determination procedures. On August 1, 1997, we published in the **Federal Register** (62 FR 41457) a notice that described the use of four features of the testing modifications to the disability determination procedures, plus two features designed to maximize the resources of a federal processing center. That notice announced that testing of this model would take place at the Social Security Administration's Office of Disability and International Operations in Baltimore, Maryland. Testing was to begin on or about August 11, 1997, and selection of approximately 1,000 claims filed by telephone by residents of Kentucky was to continue for approximately one year with cases processed for an additional six months. We stated that we might choose to extend the duration of the test to obtain additional data, and that we would publish another notice in the **Federal Register** if we decided to extend the duration. We incorporated a fifth modification to the integrated model to the disability determination procedures on September 23, 1997 (62 FR 49598).

We are now announcing that testing in the Office of Disability and International Operations (now called the Office of Central Operations), at 1500 Woodlawn Drive, Baltimore, MD 21241, will be extended for a period of up to one additional year to obtain further data. This test will combine the five process modifications plus the two features designed to maximize the resources of a federal processing center. While selection of Kentucky cases has stopped, the Office of Central Operations continues to adjudicate cases that have been selected already.

The Office of Central Operations now will select approximately 400 claims filed by residents of Nevada. Adjudication of the Nevada cases will begin on or about December, 1998. We will continue to select the Nevada cases for at least four months, and may continue to have cases processed for an additional six months after case selection ends. We will publish another notice in the **Federal Register** if we extend the duration of the test or if we select cases from a different state.

Dated: December 15, 1998.

Susan M. Daniels,

Deputy Commissioner for Disability and Income Security Programs.
