

with FEMA functional and program activities funded under Performance Partnership Agreements with State and local governments.

SUPPLEMENTARY INFORMATION:

Cooperative Agreements under Performance Partnership Agreements (PPA), will be the vehicle for achieving the Federal Emergency Management Agency's (FEMA's) Strategic goal of establishing in concert with its partners, a national emergency management system that is comprehensive, risk-based and all hazards in approach. It focuses on integrating and achieving Federal and State goals and objectives for the four broad emergency management functions: Mitigation (risk reduction), preparedness (operational readiness), response (emergency operations), and recovery operations. The PPA also carries out FEMA

initiatives relative to national emergency management goals (e. g., the National Mitigation Strategy) and pulls into a single document all FEMA and State memoranda of understanding and agreements.

Collection of Information

Title: Financial and Technical Assistance Under Performance Partnership Agreements.

Type of Information Collection. Revision of currently approved collection.

OMB Number: 3067-0206.

Form Numbers: SF 424, Application for Federal Assistance; Indirect Cost Agreement; FF 20-20, Budget Information—Nonconstruction; FF 20-22, Narrative Statement; FF 20-15, Budget Information-Construction Projects; FF 20-16, Assurances; FF 76-

FEDERAL EMERGENCY MANAGEMENT AGENCY

Fee Schedule for Processing Requests for Map Changes and for Flood Insurance Study Backup Data

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This notice contains the revised fee schedules for processing certain requests that you (the requester) make for changes to National Flood Insurance Program (NFIP) maps and for processing requests for Flood Insurance Study (FIS) backup data. The changes in the fee schedules will allow us (FEMA) to reduce further the expenses to the NFIP by recovering more fully the costs associated with (1) processing conditional and final map change requests and (2) retrieving, reproducing, and distributing technical and administrative support data related to FIS analyses and mapping.

EFFECTIVE DATE: The revised fee schedules are effective for all requests dated March 1, 1999, or later.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472; (202) 646-3461 or by facsimile at (202) 646-4596 (not toll-free calls), or (email) matthew.miller@fema.gov.

SUPPLEMENTARY INFORMATION: This notice contains the revised fee schedules for processing certain requests for changes to NFIP maps and for processing requests for FIS backup data. The revised fee schedule for map changes is effective for all requests dated March 1, 1999, or later. It supersedes the current fee schedule, which was established on March 10, 1997.

The revised fee schedule for requests for FIS backup data also is effective for all requests dated March 1, 1999, or later. It supersedes the current fee schedule, which was established on March 10, 1997.

To develop the revised fee schedules, we evaluated the actual costs of reviewing and processing requests for Conditional Letters of Map Amendment (CLOMAs), Conditional Letters of Map Revision Based on Fill (CLOMR-Fs), Conditional Letters of Map Revision (CLOMRs), Letters of Map Revision Based on Fill (LOMR-Fs), Letters of Map Revision (LOMRs), and Physical Map Revisions (PMRs) and requests for FIS backup data.

As we indicated in the **Federal Register** notice published on February 6, 1997, a primary component of the fees is the prevailing private-sector rates charged to us for labor and materials. Because these rates and the actual review and processing costs may vary from year to year, we will evaluate the fees periodically and publish revised fee schedules, when needed, as notices in the **Federal Register**.

Fee Schedule for Requests for Conditional Letters of Map Amendment and Conditional and Final Letters of Map Revision Based on Fill

Based on a review of actual cost data for Fiscal Year 1997, we maintained the following flat user fees, which are to be submitted with all requests:

- Request for single-lot/single-structure CLOMA, CLOMR-F, and LOMR-F—\$400.
- Request for single-lot/single-structure LOMR-F based on as-built information (CLOMR-F previously issued by FEMA)—\$300.
- Request for multiple-lot/multiple-structure CLOMA—\$700.
- Request for multiple-lot/multiple-structure CLOMR-F and LOMR-F—\$800.
- Request for multiple-lot/multiple-structure LOMR-F based on as-built information (CLOMR-F previously issued by FEMA)—\$700.

Fee Schedule for Requests for Conditional Map Revisions

Unless the request is otherwise exempted under 44 CFR 72.5, you (the requester) must submit the flat user fees shown below with requests for CLOMRs dated March 1, 1999, or later that are not based on structural measures on alluvial fans. These fees are based on a review of actual cost data for Fiscal Year 1997.

- Request based on new hydrology, bridge, culvert, channel, or combination thereof—\$3,100.
- Request based on levee, berm, or other structural measure—\$4,000.

Fee Schedule for Requests for Map Revisions

Unless the request is otherwise exempted under 44 CFR 72.5, you must submit the flat user fees shown below with requests for LOMRs and PMRs dated March 1, 1999, or later that are not based on structural measures on alluvial fans. These fees are based on a review of actual cost data for Fiscal Year 1997.

- Request based on bridge, culvert, channel, or combination thereof—\$4,000.
- Request based on levee, berm, or other structural measure—\$4,700.
- Request based on as-built information submitted as followup to CLOMR—\$3,400.
- Request based solely on submission of more detailed data—\$3,100.

Fees for Conditional and Final Map Revisions Based on Structural Measures on Alluvial Fans

Based on a review of actual cost data for Fiscal Year 1997, we maintained

\$5,000 as the initial fee for your requests for LOMRs and CLOMRs based on structural measures on alluvial fans. We also will continue to recover the remainder of the review and processing costs by invoicing the requester before issuing a determination letter, consistent with current practice. The prevailing private-sector labor rate charged to us (\$50 per hour) will continue to use to calculate the total reimbursable fees.

Fee Schedule for Requests for Flood Insurance Study Backup Data

You must submit the user fees shown below with your requests for FIS backup data dated March 1, 1999, or later. These fees are based on a review of actual cost data for Fiscal Year 1997. They are based on the complete recovery of our costs for retrieving, reproducing, and distributing the data, as well as a pro rata share of the costs for maintaining the data and operating the fee reimbursement system.

As under the previous fee schedule, all entities except the following will be charged for requests for FIS backup data: our Study Contractors; our Technical Evaluation Contractors; the Federal agencies involved in performing studies and restudies for us (i.e., U.S. Army Corps of Engineers, U.S. Geological Survey, Natural Resources Conservation Service, and Tennessee Valley Authority); communities that have supplied the Digital Line Graph base to us and request the Digital Line Graph data (Category 6 below); State NFIP Coordinators if the data have not already been provided on microfiche or CD-ROM or if the State is actively involved in performing a study or restudy that will be used by us to update NFIP maps. The only other exception is that one copy of the FIS backup data will be provided to a community free of charge if the data are requested during the statutory 90-day appeal period for an initial or revised FIS for that community.

We have established seven categories into which we separate requests for FIS backup data. These categories are:

- (1) *Category 1*—Paper copies, microfiche, or diskettes of hydrologic and hydraulic backup data for current or historical FISs
- (2) *Category 2*—Paper or mylar copies of topographic mapping developed during FIS process
- (3) *Category 3*—Paper copies or microfiche of survey notes developed during FIS process
- (4) *Category 4*—Paper copies of individual Letters of Map Change
- (5) *Category 5*—Paper copies of preliminary Flood Insurance Rate Map

or Flood Boundary and Floodway Map panels

(6) *Category 6*—Computer tapes or CD-ROMs of Digital Line Graph files

(7) *Category 7*—Computer diskettes and user's manuals for our computer programs

You must submit a *non-refundable* fee of \$140, to cover the preliminary costs of research and retrieval, to begin requests for data under Categories 1, 2, and 3. The total costs of processing requests in Categories 1, 2, and 3 above will vary based on the complexity of the research involved in retrieving the data and the volume and medium of data to be reproduced and distributed. The initial fee will be applied against the total costs to process the request, and we will invoice you for the balance before the data are provided. No data will be provided to you until all required fees have been paid.

We do not require an initial fee to begin a request for data under Categories 4 through 7. We will notify you by telephone about the availability of materials and the fees associated with requested data. As with requests for data under Categories 1, 2, and 3, we will not provide any data to you until you pay all required fees.

The costs for processing requests under Categories 4 through 7 have not varied. Therefore, the flat user fees for these categories of requests, shown below, will continue to be required.

	Dollars
Request Under Category 4:	
First letter	40
Each additional letter	10
Request Under Category 5:	
First panel	35
Each additional panel	2
Request Under Category 6 (per county)	150
Request Under Category 7 (per copy)	25

Payment Submission Requirements

You must make fee payments before we render services. You must make these payments by check, by money order, or by credit card payment. Make checks and money orders payable, in U.S. funds, to the *National Flood Insurance Program*.

We will deposit the fees we collect in the National Flood Insurance Fund, which is the source of funding for providing these services.

Dated: January 6, 1999.

Michael J. Armstrong,

Associate Director for Mitigation.
