Notice of Intent To Prepare a Programmatic Environmental Impact Statement for the Real Property Master Plan, Fort Sill, OK

AGENCY: Department of the Army, DoD.

ACTION: Notice of intent.

SUMMARY: This announces the intention of the U.S. Army Field Artillery Center and Fort Sill, Fort Sill, Oklahoma, to prepare an Environmental Impact Statement (EIS) in support of revisions to the installation's Real Property Master Plan (RPMP). The purpose is to evaluate the environmental impacts associated with the RPMP's implementation.

ADDRESSES: Written comments may be forwarded to the U.S. Army Corps of Engineers, ATTN: CESWT-PE-E (J. Randolph), P.O. Box 61, Tulsa, Oklahoma 74121-0061.

FOR FURTHER INFORMATION CONTACT: Mr. Bob Kerr, Directorate of Environmental Quality, U.S. Army Field Artillery Center and Fort Sill, at 580-442-3409.

SUPPLEMENTARY INFORMATION: The Fort Sill RPMP has the potential to significantly impact certain natural, economic, social, and cultural resources of the Fort Sill community. The study area for environmental analysis will be the entire Fort Sill installation. The objective is to provide a comprehensive and programmatic EIS which will serve as a planning tool, a public information source, and a reference for mitigation tracking.

Alternatives may consist of alternate locations for specific projects, partial implementation of the specific project, or other modification of the specific project. The alternatives will be developed during preparation of the draft EIS (DEIS) as a result of public input and of environmental analysis of the proposals within the plan.

Significant Issues: The Fort Sill reservation contains approximately 94,221 acres of land. Some of this land serves as potential habitat for protected species of wildlife. Of the areas within the installation that have been surveyed to date for cultural resources, 832 properties have been identified and recorded. Nearly all of the current and proposed RPMP projects are sited within the 6,015 acre cantonment area, where the majority of the installation's historic buildings are located.

The significant issues the EIS will analyze include the following:

1. Development of a large deployment marshaling area near an existing railhead facility: Whereby, new railroad tracks, loading docks, switching facilities, hardstand areas, and fencing would be developed.

2. Redesignation of land use: Whereby, land use zoning would be redesignated to provide for the construction of new and expansion of existing motor pool areas.

3. Probable construction projects: Whereby, the following projects would be completed: (1) new multiple launch rocket system (MLRS) range firing points in the training areas; (2) a liquid fuel facility; (3) a unit movements facility; and (4) a con-tingency warehouse.

Public scoping meetings will be held in the vicinity of Fort Sill to facilitate input to the EIS process by citizens and organizations. The date and time of these meetings will be announced to the general media and will be at times and locations convenient to the public. To be considered in the Draft EIS, comments and suggestions should be received not later than 15 days following the public scoping meeting.

Dated: January 14, 1999.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health), OASA(I,L&E).

Privacy Act of 1974; Computer Matching Program

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, DoD.
ACTION: Notice of a Computer Matching Program.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The Department of Defense (DoD), as the matching agency under the Privacy Act, is hereby giving constructive notice in lieu of direct notice to the record subjects of a computer matching program between the Department of the Treasury and DoD that their records are being matched by computer. The record subjects are delinquent debtors of the Bureau of the Public Debt, Department of the Treasury, who are current or former

Federal employees receiving any Federal salary or benefit payments and who are indebted or delinquent in their repayment of debts to the United States Government under certain programs administered by the Public Debt.

DATES: This proposed action will become effective February 24, 1999 and matching may commence unless changes to the matching program are required due to public comments or by Congressional or by Office of Management and Budget objections. Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Suite 920, Arlington, VA 22202-4502.

FOR FURTHER INFORMATION CONTACT: Mr. Vahan Moushegian, Jr. at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the Department of the Treasury and the Defense Manpower Data Center (DMDC) have concluded an agreement to conduct a computer matching program. The purpose of the match is to exchange personal data between the agencies for debt collection. The match will yield the identity and location of the debtors within the Federal Government so that the Bureau can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned. It was therefore concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the Department of the Treasury and DMDC is available to the public upon request. Requests should be submitted to the address caption above or to the Debt Collection Officer, Bureau of Public Debt, Hintgen Building, Room 114, P.O. Box 1328, Parkersburg, WV 26106-1328.

Set forth below is the notice of the establishment of the computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published on June 19, 1989, at 54 FR 25818.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on January 12, 1999, to the House Committee on Government

Reform and Oversight, the Senate Committee on Governmental Affairs, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6427).

Dated: January 19, 1999.

Alternate OSD Federal Register Liaison Officer, Department of Defense.

COMPUTER MATCHING PROGRAM BETWEEN THE DEPARTMENT OF THE TREASURY/BUREAU OF PUBLIC DEBT, AND THE DEFENSE MANPOWER DATA CENTER AND THE DEPARTMENT OF DEFENSE FOR DEBT COLLECTION.

A. Participating agencies: Participants in this computer matching program are the Bureau of Public Debt, Department of the Treasury and the Defense Manpower Data Center (DMDC), Department of Defense (DoD). The Bureau of Public Debt is the source agency, i.e., the agency disclosing the records for the purpose of the match. DMDC is the specific recipient or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the match: The purpose of the match is to identify and locate any matched Federal personnel, employed, serving or retired, who owe delinquent debts to the Federal Government under certain programs administered by the Bureau of Public Debt. The Bureau will use this information to initiate independent collection of those debts under the provisions of the Debt Collection Act of 1982, as amended, when voluntary payment is not forthcoming. These collection efforts will include requests by the Bureau of the military service/employing agency in the case of military personnel (either active, reserve, or retired) and current non-postal civilian employees, and to the Office of Personnel Management in the case of retired non-postal civilian employees to apply administrative and/or salary offset procedures until such time as the obligation is paid in full.

C. Authority for conducting the match: The legal authority for conducting the matching program is contained in the Debt Collection Act of 1982 (Public Law 97-365), as amended by the Debt Collection Improvement Act of 1996 (Public Law 104-134, section
