

ACTION: Planned supplemental grant award to the Cooperative Agreement for an HIV/AIDS High-Risk Behavior Prevention/Intervention Model for Young Adults/Adolescents and Women Coordinating Center.

SUMMARY: This notice is to provide information to the public concerning a planned supplemental award by CMHS/SAMHSA to an existing grant to the Research Triangle Institute (RTI). This award will provide additional support for the HIV/AIDS High-Risk Coordinating Center in order to assist seven existing study sites to increase the number of eligible individuals who can participate in the intervention studies under way at each site, and to provide each study site with the capacity to include the use of biological markers as an outcome measure in the study protocol as part of the model protocol, and to centrally coordinate data collection and analysis of these measures. Upon receipt of a satisfactory application that is recommended for approval by an Initial Review Group and the CMHS National Advisory Council, up to \$750,000 in Federal funds may be awarded to this organization each year over the remaining project period of the existing HIV/AIDS High Risk Coordinating Center grant which is scheduled to end on August 31, 2001.

This is not a formal request for applications. Grant funds may only be provided to the organization named above.

Authority/Justification: This grant will be made under the authority of Section 520A of the Public Health Service Act, as amended (42 U.S.C. 290bb-32).

The Catalog of Federal Domestic Assistance (CFDA) number for this program is 93.125. The purpose of the HIV/AIDS High-Risk Program is to develop and test, through a series of pilot studies, a single model for a brief/short-term prevention/intervention protocol, based on what is currently known, to encourage and enable adolescents/women who engage in high-risk behaviors associated with HIV/AIDS transmission to change these behaviors. In FY 1997, the Research Triangle Institute (RTI) competed successfully to be the coordinating center to assist the study sites in developing/implementing a single model for a brief/short-term prevention/intervention protocol, using state-of-the-art methodology. However, CMHS subsequently determined that the development/implementation of a state-of-the-art intervention model will require additional participants at the

individual sites and the use of biological markers as outcome measures. The purpose of this supplemental award is to fund the additional coordination, personnel, data collection and data management for the increased sample and the inclusion of biological markers as an outcome measure. RTI will build upon the expertise gained by the coordinating center during the first two years of the study, to develop and implement these additional aspects of the program. The supplemental work is inextricably linked to the current activities that RTI is already performing for the AIDS High-Risk Program.

For the above reasons, only an application from the Research Triangle Institute will be considered for this program.

Notice of Realty Action: Lease/Conveyance for Recreation and Public Purposes

AGENCY: Bureau of Land Management.

ACTION: Recreation and public purpose lease/conveyance.

SUMMARY: The following described public land in Las Vegas, Clark County, Nevada has been examined and found suitable for lease/conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*). The City of Las Vegas proposes to use the land for a Fire Station and Public Park.

Mount Diablo Meridian, Nevada

Fire Station

T. 19S. R. 60E.

Sec. 21 NE¹/₄ NE¹/₄ SE¹/₂ NE¹/₄ 2.5 acres

Park Site

T. 19S. R. 60E.

Sec. 21 NW¹/₄ SE¹/₄ NE¹/₄. W¹/₂ NE¹/₄ SE¹/₄ NE¹/₄, SE¹/₄ NE¹/₄ SE¹/₄ NE¹/₄ 17.5 acres.

Containing 20 acres, more or less.

The land is not required for any federal purpose. The lease/conveyance is consistent with current Bureau planning for this area and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe, and will be subject to:

An easement 50 feet in width along the East boundary, 30 feet in width along the West boundary, and 30 feet in width along the North boundary in favor of the City of Las Vegas for roads, public utilities and flood control purposes. Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas Field Office, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the Field Manager, Las Vegas Field Office, 4765 Vegas Dr., Las Vegas, Nevada 89108.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a Fire Station and Public Park. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a Fire Station and Public Park.

Any adverse comments will be reviewed by the State Director.

In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The

lands will not be offered for lease/conveyance until after the classification becomes effective.

Dated: January 15, 1999.

Rex Wells,

Assistant Field Office Manager, Division of Lands, Las Vegas, NV.
