Anitec Image Corporation a/k/a Kodak Polychrome Graphics; Binghamton, NY; Ridgewood, NJ; Arlington Heights, IL; Corona, CA; Duluth, GA; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the

Department Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 9, 1998, applicable to all workers of Anitec Image Corporation, located in Binghamton, New York. The notice was published in the **Federal Register** on February 6, 1998 (63 FR 6209).

At the request of the company, the Department reviewed the certification for workers of the subject firm. New information received by the company shows that worker separations have occurred at the Ridgewood, New Jersey, Arlington Heights, Illinois, Corona, California and Duluth, Georgia locations of Anitec Image Corporation. These locations provide sales and administrative support functions for Anitec Image's production facility in Binghamton, New York. The workers are engaged in the production of photographic film, paper and related products.

The intent of the Department's certification is to include all workers of Anitec Image Corporation who were adversely affected by increased imports. Accordingly, the Department is amending the certification to cover the workers of Anitec Image Corporation, also known as Kodak Polychrome Graphics, Ridgewood, New Jersey, Arlington Heights, Illinois, Corona, California and Duluth, Georgia.

The amended notice applicable to TA-W-33,922 is hereby issued as follows:

All workers of Anitec Image Corporation, also known as Kodak Polychrome Graphics, Binghamton, New York (TA-W-33,922), Ridgewood, New Jersey (TA-W-33,922A), Arlington Heights, Illinois (TA-W-33,922B), Corona, California (TA-W-33,922C) and Duluth, Georgia (TA-W-33,922D) who became totally or partially separated from employment on or after December 14, 1997 through January 9, 2000 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C. this 8th day of January, 1999.

Lucas Varity North American Light Vehicle Braking Systems Mount Vernon, OH; Notice of Negative Determination on Reconsideration

On November 19, 1998, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The petitioner presented new evidence that the company shifted production of certain brake systems to Mexico and importing like or directly competitive articles into the U.S. The notice was published in the **Federal Register** on December 10, 1998 (63 FR 68304).

The Department initially denied TAA to workers of Lucas Varity because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met and because the group eligibility requirements of Section 250 of the Act were not met. The workers at the subject firm were engaged in employment related to the production of brakes and brake parts.

On reconsideration, the Department requested that Lucas Varity provide additional information on the production of brakes for KIA. The additional information provided by the company indicated the following: (1) The KIA work, which amounted to less than three percent of the company's sales and labor, was shifted to Mexico during the period August, 1997 through February, 1998; and (2) as of May 18, 1998 all workers at the subject firm had been recalled from various temporary lay-offs.

Conclusion

After reconsideration, I affirm the original notice of negative determination regarding eligibility to apply for worker adjustment assistance and NAFTA-Transitional Adjustment Assistance for workers and former workers of Lucas Varity, North American Light Vehicle Braking System, Mount Vernon, Ohio.

Signed at Washington, DC, this 6th day of January 1999.
