**Endicott Pipeline Company; Notice Approving First Amendment Settlement**

January 21, 1999.

Take notice that on January 12, 1999, pursuant to Rule 207 of the Commission's Rules of Practice and Procedure, 18 CFR 385.207, the State of Alaska (State) and Endicott Pipeline Company (EPC) filed a petition, asking the Commission to approve the "First Amendment to Settlement Agreement Between State of Alaska and Endicott Pipeline Company" (First Amendment). The petitioners state that the First Amendment amends the "Endicott Settlement Agreement," which established the method for calculating rates for the Endicott Pipeline, and was approved in *Endicott Pipeline Co.*, 63 FERC ¶61,076 (1993).

The petitioners further state that the changes the First Amendment makes to the Endicott Settlement Agreement are required because of the recent connection to the Endicott Pipeline by the Badami Oil Pipeline. The Endicott Settlement Agreement did not provide a method for allocating costs among deliveries originating at different receipt points in case of such a connection. The First Amendment adopts a barrel-mile allocation methodology, which the petitioners state is consistent with the cost allocation method the Commission has approved for use by the Trans Alaska Pipeline System.

The State and EPC indicate that they have served the foregoing Petition to amend the Endicott Settlement Agreement upon all subscribers to Endicott Pipeline Company's tariffs.

Initial comments on the filing are due on or before February 1, 1999, and any reply comments are due on or before February 11, 1999.
