

SUPPLEMENTARY INFORMATION: A Notice of Intent to prepare a supplemental EIS on oil and gas leasing and development in the GSRA was published on April 21, 1997 (62 FR 19349). The EIS process indicated that some changes in the leasing decisions are necessary and that an RMP amendment will be required. After publication of that notice, the Department of Defense Authorization Act of 1998 (November 18, 1997) transferred management authority for the Naval Oil Shale Reserves (NOSR) from the Department of Energy to BLM. In addition to transferring management authority to BLM, the Act directs BLM to lease approximately 10,000 acres in the NOSR for oil and gas development by November 18, 1998. On March 17, 1998, BLM published an additional Notice of Intent (63 FR 13068) expressing its intent to include lands in the Naval Oil Shale Reserves (NOSR) in the oil and gas leasing SEIS and RMP amendment. On June 18, 1998, a Notice of Availability of the Draft supplemental EIS was published (63 FR 33385). Review of the Draft continued through November 23, 1998.

National Park Service

60 Day Notice of Intention To Request Clearance of Collection of Information; Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service, Yukon-Charley Rivers National Preserve.

ACTION: Notice and request for comments.

SUMMARY: The National Park Service (NPS) in conjunction with a natural resource protection council including members from the Air Force and a number of state and federal land management agencies is proposing in 1999 to conduct surveys of persons using selected Alaskan Military Operations Areas where Air Force training occurs. In one of these surveys, visitors to Harding Lake and Chena River State Recreation Areas will be asked about their expectation concerning Air Force training and the impacts of reported overflights on their activities and experiences.

On-Site Visitor Survey	1890	630

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for gathering the information in the proposed surveys. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology.

The NPS goal in conducting these surveys is to assess the effectiveness of current mitigation efforts in limiting impacts of Air Force training activity on human users of Alaskan Military Operations Areas.

DATES: Public comments will be accepted on or before March 30, 1999.

SUPPLEMENTARY INFORMATION:

Titles: Alaskan Military Operations Areas On-Site Visitor Survey.

Bureau Form Number: None.

OMB Number: To be requested.

Expiration Date: To be requested.

Type of request: Request for new clearance.

Description of need: The National Park Service (in conjunction with a natural resource protection council including members from the Air Force and a number of state and federal land management agencies) needs information to assess the effectiveness of current mitigation efforts in limiting impacts of Air Force training activity on human users of Alaskan Military Operations Areas.

Automated data collection: At the present time, there is no automated way to gather this information because it includes expectations and evaluations visitors associate with their experiences in Harding Lake and Chena River State Recreation Areas.

Description of respondents: A sample of individuals who use Harding Lake and Chena River State Recreation Areas for recreation purposes.

Estimated average number of respondents: 1890.

Estimated average number of responses: Each respondent will respond only one time, so the number of responses will be the same as the number of respondents.

Estimated average burden hours per response: 20 minutes.

Frequency of Response: 1 time per respondent.
