## INTERNATIONAL TRADE COMMISSION

[Investigation No. TA-201-68]

### Lamb Meat; Import Investigations

**AGENCY:** United States International Trade Commission.

**ACTION:** Scheduling of time for vote on injury, and reasons for finding the investigation is "extraordinarily complicated."

**EFFECTIVE DATE:** January 26, 1999.

**SUMMARY:** The Commission has scheduled its vote in the injury phase of this investigation for February 9, 1999, at 2 p.m., in the Main Hearing Room, U.S. International Trade Commission Building, 500 E Street SW., Washington, DC. The Commission is publishing a separate Government in the Sunshine Act notice for the February 9 meeting. The Commission's reasons for finding the investigation to be extraordinarily complicated are set forth in the "background" section below.

**FOR FURTHER INFORMATION CONTACT:** Valerie Newkirk (202-205-3190), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202-205-1810).

*Background:* On January 15, 1999, the Commission determined that investigation No. TA-201-68, *Lamb Meat*, is "extraordinarily complicated" within the meaning of section 202(b)(2)(B) of the Trade Act of 1974 (19 U.S.C. 2252(b)(2)(B)). This determination allows the Commission to take up to 30 additional days to make its injury determination in this investigation—that is, the Commission must make its injury determination before the 150th day after the filing of the petition, as opposed to the 120th day. Under a 120-day schedule, the Commission would have been required

to make its injury determination by February 4, 1999. However, the Commission plans to take only 5 additional days, and has scheduled its vote in the injury phase for February 9. The time and place for the hearing in the remedy phase, should this phase be necessary, and the deadlines for filing prehearing and posthearing briefs and other submissions relating to remedy, remain the same as previously announced.

The Commission's decision to designate this investigation "extraordinarily complicated" is based on the complexity of the issues and the size of the record, which will include a substantial amount of factual information developed late in the investigation and after the Commission's January 12 public hearing. Because the schedule for consideration of remedy issues does not change, the 5-day extension will not impair the Commission's ability to give such issues sufficient consideration.

Notice of institution of the investigation and scheduling was published in the **Federal Register** of October 23, 1998 (63 FR 56940), and notice of the Commission's determination that the investigation is extraordinarily complicated was published in the **Federal Register** of January 25, 1999 (64 FR 3715).

Issued: January 26, 1999.

By order of the Commission.

**Donna R. Koehnke,**

*Secretary.*

## DEPARTMENT OF JUSTICE

### Office of Community Oriented Policing Services; Agency Information Collection Activities; Proposed Collection; Comment Request

**ACTION:** Notice of Information Collection Under Review; Regional Community Policing Institute Surveys: Pre-test and Post-test.

Office of Management and Budget (OMB) approval is being sought for the information collection listed below. This proposed information collection was previously published in the **Federal Register** and allowed 60 days for public comment.

The purpose of this notice is to allow an additional 30 days for public comments from the date listed at the top of this page in the **Federal Register**. This process is conducted in accordance with 5 Code of Federal Regulation, Part 1320.10. Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Regulatory Affairs, Attention: Department of Justice Desk Officer, Washington, DC, 20530. Additionally, comments may be submitted to OMB via facsimile to 202-395-7285. Comments may also be submitted to the Department of Justice (DOJ), Justice Management Division, Information Management and Security Staff, Attention: Department Clearance

Officer, Suite 850, 1001 G Street, NW, Washington, DC, 20530. Additionally, comments may be submitted to DOJ via facsimile to 202-514-1534. Written comments may also be submitted to the COPS Office, PPSE Division, 1100 Vermont Avenue, N.W., Washington, D.C. 20530, or via facsimile at (202) 633-1386.

Written comments and suggestions from the public and affected agencies should address one or more of the following points:

- (1) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;
- (2) evaluate the accuracy of the agency's/component's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (3) enhance the quality, utility, and clarity of the information to be collected; and
- (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

The proposed collection is listed below:

- (1) *Type of information collection.* New collection.
- (2) *The title of the form/collection.* Regional Community Policing Institute Surveys: Pre-test and Post-test.
- (3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection.* Form: COPS 30/01. Office of Community Oriented Policing Services, United States Department of Justice.
- (4) *Affected public who will be asked or required to respond, as well as a brief abstract.* A sample of local law enforcement officers and community members receiving training on community policing from a COPS funded RCPI will be surveyed regarding their attitudes toward the RCPI training experience and the impact of training on the delivery of police services and police-citizen relations. The surveys will also capture information on the respondents' training histories, including training taken prior to RCPI participation and a description of the RCPI training program in which they enrolled.

To uphold its mandate to enhance and advance community policing and to foster training and education on

community policing, the COPS Office has provided continued funding to 30 Regional Community Policing Institutes (RCPI). The RCPIs are a mechanism to provide training and technical assistance on community policing to law enforcement agencies and the communities they serve. RCPIs are charged with providing comprehensive and innovative education, training, and technical assistance to COPS grantees and other departments throughout a designated region. The geographic distribution of RCPIs has resulted in the availability of training to law enforcement agencies and communities throughout the nation.

Innovations in traditional training methods are necessary to continue the advancement of community policing in law enforcement agencies throughout the United States. In turn, it is necessary to understand and document the impact of these innovative training programs. The evaluation of the RCPI program will provide vital information on the impact of these training endeavors by closely examining the outcomes of training programs and by assessing police officer and community members' attitudes and behaviors related to the training opportunities. The Regional Community Policing Institute Surveys: Pre-test and Post-test will provide essential information on the impact of training on the behavior and attitudes of police officers and a sample of citizen trainees. The pre-test survey will be administered to officers and community members prior to receiving training from a RCPI and the post-test will be administered to the same group of trainees three months after they receive training.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* This collection includes pre- and post-test surveys. Approximately 3,000 respondents will be surveyed pre and post. Estimated time to complete each survey is 45 minutes with no preparation time.

(6) *An estimate of the total public burden (in hours) associated with the collection.* Approximately 4,500 hours.

Public comment on this proposed information collection is strongly encouraged.

**Robert B. Briggs,**

*Department Clearance Officer, United States Department of Justice.*

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act

In accordance with Department policy, 28 CFR 50.7, notice is hereby given that a proposed Consent Decree in *United States and State of Vermont v. Bennington Potters, Inc., et al.*, Civil Action Nos. 2:98-CV-421 and 2:98-CV-422 was lodged on December 31, 1998, with the United States District Court for the District of Vermont.

The complaint in this action seeks to recover, pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601, *et al.*, response costs incurred and to be incurred by EPA at the Bennington Landfill Superfund Site located in the Town of Bennington, Vermont ("Site"). The defendants are Bennington Potters, Inc., EHH Realty Corp., Graphitek of Vermont, Inc. and Lauzon Machine & Engineering, Inc.

The proposed Consent Decree embodies an agreement with four potentially responsible parties ("PRPs") at the Site pursuant to Section 122(g) of CERCLA, 42 U.S.C. 9622(g), to pay \$175,000, in aggregate, in settlement of claims for past and future response costs at the Site and claims for natural resource damages. Of this total, \$36,750 will be paid to the United States and \$138,250 will be paid to five parties who are performing a remedial action at the Site. The monies paid to the five performing parties will be used to partially fund the remedial action and a natural resource damages restoration project being performed by the five performing parties.

The Consent Decree provides the settling defendants with a release for civil liability for EPA's and the State of Vermont's ("State's") past and future CERCLA response costs and natural resource damages at the Site for resources under the trusteeship of the Secretary of the Interior and the Secretary of Commerce, through the National Oceanic and Atmospheric Administration, and under the trusteeship of the State.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed Consent Decree.

Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, P.O. Box 7611, Ben Franklin Station,
