BILLING CODE 7510-01-P

**NATIONAL INDIAN GAMING  
COMMISSION**

**Notice of Approval of Class III Tribal  
Gaming Ordinances**

**AGENCY:** National Indian Gaming  
Commission.

**ACTION:** Notice.

**SUMMARY:** The purpose of this notice is to inform the public of class III gaming ordinances approved by the Chairman of the National Indian Gaming Commission.

**FOR FURTHER INFORMATION CONTACT:** Ms. Frances Fragua at the National Indian Gaming Commission, (202) 632-7003, or by facsimile at (202) 632-7066 (not toll-free numbers).

**SUPPLEMENTARY INFORMATION:** The Indian Gaming Regulatory Act (IGRA) 25 U.S.C. 2701 *et seq.*, was signed into law on October 17, 1988. The IGRA established the National Indian Gaming Commission (Commission). Section 2710 of the IGRA authorizes the Commission to approve class II and class III tribal gaming ordinances. Section 2710(d) (2) (B) of the IGRA as implemented by 25 C.F.R. Section 522.8 (58 FR 5811 (January 22, 1993)), requires the Commission to publish, in the **Federal Register**, approved class III gaming ordinances.

The IGRA requires all tribal gaming ordinances to contain the same requirements concerning ownership of the gaming activity, use of net revenues, annual audits, health and safety, background investigations and licensing of key employees. The Commission, therefore, believes that publication of each ordinance in the **Federal Register** would be redundant and result in unnecessary cost to the Commission. The Commission believes that publishing a notice of approval of each class III gaming ordinance is sufficient to meet the requirements of 25 U.S.C. Section 2710(d)(2)(B). Also, the Commission will make copies of approved class III ordinances available to the public upon request. Requests can be made in writing to the: National Indian Gaming Commission, 1441 L Street, N.W., Suite 9100, Washington, D.C. 20005.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 030-17711 License No. 52-19438-01 EA-99-014]

### In the Matter of NDT Services, Inc., Caguas, Puerto Rico; Order Modifying License (Effective Immediately)

#### I

NDT Services, Inc. (Licensee or NDTs) is the holder of Material License No. 52-19438-01 (License) issued by the Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part 30. The License authorizes possession and use of up to 100 curies of Iridium 192 in sealed radiography sources and up to 20 curies of Cobalt 60 in sealed sources for performing radiography. The license was originally issued on August 21, 1980, was most recently amended on December 12, 1995, and is due to expire on January 31, 2002.

#### II

On March 27, 1998, the NRC issued an Order Suspending License (Effective Immediately) to NDTs based on the seriousness of issues identified during inspections conducted on August 6 and October 4, 1997, and February 6, 1998, and the initial evidence gathered during an investigation conducted by the NRC Office of Investigations (OI). The Order of March 27, 1998, required, among other things, that NDTs immediately suspend all radiographic operations authorized by its license and ensure that the licensed material was placed in locked, safe storage.

In response to the Order of March 27, 1998, NDTs immediately suspended all radiographic operations and secured all licensed material in locked, safe storage at the location specified in Condition 10 of the license. This facility is owned by Crossland Boilers Sales and Service, Inc. (Crossland Boilers).

Pertinent to this issue is the current corporate status of NDTs and Crossland Boilers. Although no corporate relationship exists between NDTs and Crossland Boilers, they have a common owner, Mr. Thomas B. Crossland. On July 24, 1998, the NRC Region II Office received information that Crossland Boilers had filed for Chapter 11 Bankruptcy on May 22, 1998. First Bank of Puerto Rico, a secured lender of

Crossland Boilers, provided security to protect some of the assets of Crossland Boilers, which are subject to liquidation in favor of the Bank. The licensed material is in the same building as these assets.

The security of the sources and continued compliance with the Order of March 27, 1998, was verified during NRC inspections conducted on March 30, June 3, July 16, and August 19, 1998. These inspections confirmed that the licensed material was being maintained inside a fenced building. The fence contained a gate to allow access, and access to the building interior was controlled by a door with a lock. The building contained a vault located on the second floor which has a metal cabinet with three cubicles. Each cubicle possessed a separate lock, and contained two radiographic exposure devices containing Iridium 192 per cubicle (six radiographic exposure devices in total). An additional radiographic exposure device containing a Cobalt 60 source was also located inside the vault (not inside a cubicle). Each radiographic exposure device also contained its own locking device to control licensed material removal and exposure. NRC inspections confirmed that the licensed material and locking devices, including all keys, were under the control of Clarence David Vaughn, President and Radiation Safety Officer (RSO) of NDTs. The inspection of August 19, 1998, confirmed that representatives of First Bank had arranged for a contractor to provide for 24-hour security at the facility. The RSO indicated during the June 3, 1998, inspection his understanding and willingness to contact the NRC should the RSO determine that he can no longer maintain adequate control of the licensed material.

On January 11, 1999, an NRC inspector, accompanied by the RSO, attempted to determine the security of the sources and continued compliance with the Order of March 27, 1998. The RSO informed the inspector at that time that on September 24, 1998, in response to Hurricane Georges, he had conducted an inspection of the facility and confirmed the security and safe storage of the licensed material. During the January 11, 1999 inspection, the NRC and the RSO were unable to gain access to the building as the lock which secured access to the building had been changed. The NRC learned shortly thereafter that a representative of First Bank maintained the key to this lock. After subsequent contact with a First Bank representative, on January 14, 1999, the NRC, the RSO, and Mr. Sergio Olivero, Assistant Vice President for
