Curtis/Palmer Hydroelectric Company L.P.; International Paper Company; Notice of Availability of Draft Environmental Assessment

January 29, 1999.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the application for a new license for the existing Curtis/Palmer Falls Hydroelectric Project, located in Warren and Saratoga Counties, New York, and has prepared a Draft Environmental Assessment (DEA) for the project. In the DEA, the Commission's staff has analyzed the potential environmental impacts of the existing project and has concluded that approval of the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the DEA are available for review in the Public Reference Branch, Room 2-A, of the Commission's offices at 888 First Street, NE, Washington, DC 20426. The DEA may also be viewed on the web at www.ferc.fed.us. Please call (202) 208-2222 for assistance.
