Providence Gas Company; Notice of Petition for Approval of Displacement Rate

February 9, 1999.

Take notice that on January 19, 1999, Providence Gas Company (Providence), located at 1000 Weybosset Street, Providence, Rhode Island 02903, a natural gas distribution utility, organized and existing under the laws of the State of Rhode Island, submitted a request for approval of displacement rate to provide firm displacement service to certain customers of Algonquin LNG, Inc. (ALNG). The request was made pursuant to its blanket certificate in Docket No. CP92-166 which authorizes Providence to engage in the sale, transportation, or assignment of natural gas subject to the Commission's jurisdiction under the Natural Gas Act to the same extent and in the same manner that intrastate pipelines are authorized to engage in such activities by Subparts C, D, and E of Part 284 of the Commission's regulations.

Providence proposes to provide displacement service under its existing limited jurisdiction blanket certificate in conjunction with ALNG's application in Docket No. CP99-113-000. Providence proposes to implement a monthly reservation charge of approximately \$1.20 per dekatherm. Providence states that under its blanket certificate it is now authorized to charge a 100% load factor rate of \$1.4926 per dekatherm, which would equate to a reservation charge of \$45.375 for firm service on a monthly basis.

Any person desiring to be heard or to make any protest with reference to said filing should file a motion to intervene or protest in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such petitions or protests must be filed with the Secretary of the Commission on or before February 1999. This petition for rate approval is on file with the Commission and is available for public inspection at the Commission's Public Reference Office.
