Federal Energy Regulatory Commission

[Docket No. RP99-221-000]

Consumer Services Association, Inc. d/b/a United Gas Services vs. Utilicorp United, Inc. d/b/a Peoples Natural Gas Company; Notice of Complaint

February 10, 1999.

Take notice that on February 5, 1999, pursuant to Rule 206 of the Commission's Rules of Practice and Procedure, 18 CFR 385.206, Consumer Services Association, Inc. d/b/a United Gas Services (UGS) tendered for filing a complaint against Utilicorp United, Inc. d/b/a Peoples Natural Gas Company (Utilicorp) regarding capacity release conditions on Northern Natural Gas Company's (Northern) system.

UGS executed a Marketer Agreement with Utilicorp (the Agreement), and became an approved participant in Utilicorp's Energy Options Program. UGS entered into prearranged capacity release transactions with Utilicorp pursuant to which UGS acquired a

portion of Utilicorp's firm capacity on Northern. UGS has utilized the firm transportation capacity on Northern's pipeline system to serve customers under the Energy Options Program.

UGS determined that because of unseasonably warm weather it would not require all of the released firm capacity on Northern held by UGS and therefore decided to provide service to Lincoln Regional Center (LRC) in Lincoln, Nebraska. LRC is not a participant in the Energy Options Program.

UGS was informed that Utilicorp would not permit UGS to utilize its firm capacity on Northern to nominate gas for receipt into Utilicorp's local distribution system to provide service to a non-Energy Options Program customer. UGS contends that Utilicorp has violated the Commission's capacity release program by refusing to accept a valid nomination for receipt of natural gas into its distribution system.

UGS requests that the Commission:

(a) establish a proceeding and order a full evidentiary hearing to investigate Utilicorp's rejection of UGS's nomination of gas into Utilicorp's distribution system at the receipt point from Northern;

(b) find Utilicorp's conduct in violation of the NGA, the Commission's regulations, and Northern's FERC Gas Tariff;

(c) prohibit Utilicorp from participating in any capacity release transactions on Northern or on any other interstate pipeline until Utilicorp has ceased its unlawful conduct;

(d) as a condition to being authorized to resume participation in capacity release transactions, require Utilicorp to compensate UGS for demand charges paid by UGS to Northern for capacity obtained by UGS pursuant to its capacity release prearranged transaction with Utilicorp; and

(e) grant such other relief as the Commission determines to be required by the public convenience and necessity and the requirements of the NGA and NGPA.

Any person desiring to be heard or to protest said complaint should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before February 25, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party

must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-0400 for assistance). Answers to the complaint must be filed on or before February 25, 1999.

Linwood A. Watson, Jr.,

Acting Secretary.
