

d. *Applicant*: Calleguas Municipal Water District.

e. *Name of Project*: Las Posas Basin Aquifer Storage and Recovery.

f. *Location*: Near the town of Moorpark, Ventura County, California. The project does not occupy or affect public lands or reservations of the United States.

g. *Filed Pursuant to*: Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact*: Don Kendall, General Manager, Calleguas Municipal Water District, 2100 Olsen Road, Thousand Oaks, California 91360.

i. *FERC Contact*: Any questions on this notice should be addressed to Sergiu Serban, E-mail address sergiu.serban@ferc.fed.us, or telephone 202-501-6935.

j. *Deadline for filing additional study requests*: February 21, 1999.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. Status of environmental analysis: This application is not ready for environmental analysis at this time.

l. Description of the Project: The project would use five existing dual-purpose wells operated to: (1) inject and store surplus imported water and (2) recover the stored water to meet drought and other demands. The wells would be equipped at ground surface with motor/generators to provide generation of electrical power when the imported water is being injected into the ground for storage. The project incorporates two facilities: (a) The Fairview Well Facilities, consisting of one deep well vertical turbine pump with 300 hp/64 Kw two-speed winding electric induction motor/generator; and other appurtenances, and (b) The Wellfield No. 1 Facilities, consisting of four deep well vertical turbine pumps each with 600 hp/120 Kw two-speed winding electric induction motor/generators; and other appurtenances. The annual generation would be 2,500,000 Kwh and would be transmitted to Southern California Edison's local power transmission lines.

m. Locations of the application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 208-1371. i. *FERC Contact*: Any questions on this notice should be addressed to Surender M. Yepuri, E-mail address, surender.yepuri@ferc.fed.us, or telephone (202) 219-2847.

j. *Deadline for filing motions to intervene, protest, and comments*: 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: David P.

Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must serve a copy of the document on that resource agency.

k. Description of Project: The proposed project would consist of: (1) Lake Dorothy, which has a 998-acre surface area at elevation 2,421 feet; (2) Bart Lake, which has a 250-acre surface area at elevation 986 feet; (3) a lake tap at Bart Lake; (4) a 54-inch-diameter to 96-inch-diameter, 7,500-foot-long tunnel and penstock (combined length); (5) a powerhouse containing a generator unit with a installed capacity of 15 MW and an average annual generation of about 79 GWh; (6) a 138-kV, 3.0-mile-long transmission line connecting the project to the existing submarine transmission line; and (7) appurtenant facilities.

No new access roads will be needed to conduct the studies during the permit phase.

l. Locations of the application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, D.C. 20426, or by calling (202) 208-1371. The application may be viewed on the web at www.ferc.fed.us. Call (202) 208-2222 for assistance. A copy is also available for inspection and reproduction at the address in item (h) above.

m. This notice also consists of the following standard paragraphs: A5, A7, A9, A10, B, C, and D2.

A5. Preliminary Permit—Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

A7. Preliminary Permit—Any qualified development applicant

desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

A9. Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicants(s) named in this public notice.

A10. Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers.

Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. An additional copy must be sent to Director, Division of Project Review, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Linwood A. Watson, Jr.,

Acting Secretary.

Notice of Public Meetings on Drinking Water Issues

Notice is hereby given that the Environmental Protection Agency (EPA) is holding a public meeting on March 10-12, 1999, at the Hyatt Arlington at Washington's Key Bridge, 1325 Wilson Boulevard, Arlington, Virginia, for the purpose of information exchange with stakeholders on issues related to the Information Collection Rule (ICR) data organization and analysis and treatment and analytical methods research and development for microbial pathogens and disinfection byproducts (DBPs). The meeting will start at 8:30 AM on Wednesday, March 10 and will adjourn on Friday, March 12 at 4:00 PM. The meeting will provide: (1) a framework for ICR data analysis; (2) an overview and schedule of ongoing and future research in support of the Stage 2 microbial pathogen and disinfection byproduct rules; and (3) an open forum to discuss balancing the risk from DBPs and microbial pathogens.

In addition, over the next twelve months, EPA plans to hold other meetings on technical issues related to

the development of the Stage 2 microbial pathogens and disinfection byproduct rules. Members of the public who are interested in attending these meetings should contact Eddie Scher, RESOLVE, via e-mail at escher@resolv.org, or via fax at 202-338-1264, to be included on the mailing list and to be informed of these meetings.

EPA invites all interested members of the public to participate in the March 10-12 meeting and future meetings to share information related to the Stage 2 microbial pathogens and disinfection byproduct rules. As with all previous meetings in this series, to the extent that is available, EPA is instituting an open door policy to allow any member of the public to attend any of the meetings for any length of time. Approximately 50 seats will be available for the public. Seats will be available on a first-come, first-serve basis.

For additional information about the meeting, please contact Crystal Rodgers of EPA's Office of Ground Water and Drinking Water at (202) 260-0676 or by e-mail at rodgers.crystal@epamail.epa.gov.

Dated: February 9, 1999.

Cynthia C. Dougherty,

Director, Office of Ground Water and Drinking Water.
