

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. RP99-224-000]

Mid Louisiana Gas Company; Notice of Proposed Changes in FERC Gas Tariff

February 16, 1999.

Take notice that on February 10, 1999, Mid Louisiana Gas Company (Mid Louisiana) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets, with an effective date of March 11, 1999:

Second Revised Sheet No. 175

First Revised Sheet No. 176

First Revised Sheet No. 177

Mid Louisiana states that the primary purpose of the filing of the Revised Tariff Sheet(s) is to update its tariff to remove outdated references to Transition Cost Recovery Procedures and Mitigation which were required during Mid Louisiana's restructuring under Order 636.

Pursuant to Section 154.7(a)(7) of the Commission's Regulations, Mid Louisiana respectfully requests waiver of any requirement of the Regulations in order to permit the tendered tariff sheet(s) to become effective March 11, 1999, as submitted.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the

Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-198-000]

Midwestern Gas Transmission Company; Notice of Request Under Blanket Authorization

February 16, 1999.

Take notice that on February 8, 1999, Midwestern Gas Transmission Company (Midwestern), P.O. Box 2511, Houston, Texas 77252-2511, filed in Docket No. CP99-198-000, a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for authorization to install and operate a new delivery tap to provide service for Indiana Gas Company (Indiana), a local distribution company, in Vigo County, Indiana, under Midwestern's blanket certificate issued in Docket No. CP82-414-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection. The application may be viewed on the web at www.ferc.fed.us. Call (202) 208-2222 for assistance.

Specifically, Midwestern proposes to install an 8-inch single hot tap, check valve, approximately 50 feet of 8-inch diameter interconnecting pipe, and electronic gas measurement equipment. Midwestern proposes to install the facilities on its existing pipeline, located near Milepost 2114-1+0.78 in Vigo County to satisfy Indiana's request for

natural gas service. Midwestern states that the volumes proposed to be delivered to Indiana will be pursuant to Midwestern's blanket transportation certificate in Docket No. CP90-174-000 and the service will be under its Rate Schedules FT-A or IT. Midwestern says that Indiana estimates its peak day requirements will be 60,000 Mcf per day with an average day being 5,000 Mcf per day.

Midwestern reports that the estimated cost of installing this project will be \$93,200, which will be reimbursed fully by Indiana. Midwestern indicates that it can render the proposed service without detriment to its other existing customers, and that its tariff does not prohibit the proposed installation of these facilities.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Linwood A. Watson, Jr.,

Acting Secretary.

[Docket No. CP93-618-010]

PG&E Gas Transmission, Northwest Corporation; Notice of Annual Report

February 16, 1999.

Take notice that on January 29, 1999, PG&E Gas Transmission, Northwest Corporation (PG&E GT-NW) tendered for filing its "Annual Report on Deferred Revenue Recovery Mechanism and Revenue Reconciliation for the Year Ending October 31, 1998" for its Medford, Oregon Extension FTS-1 (E-2).

PG&E GT-NW asserts that the purpose of this filing is to comply with the Commission's Order of January 12, 1995 in Docket Nos. CP93-618, *et al.* That Order requires PG&E GT-NW to file an annual report concerning its deferred revenue recovery mechanism and detailing the cost of service for PG&E GT-NW's Medford Extension and the status of its deferred revenue recovery mechanism.

PG&E GT-NW further states that a copy of this filing has been served on PG&E GT-NW jurisdictional customers and interested state regulatory agencies, as well as the Official Service list compiled by the Secretary in this proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before February 23, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-195-000]

Texas Eastern Transmission Corporation; Notice of Application

February 16, 1999.

Take notice that on February 5, 1999, Texas Eastern Transmission Corporation (Texas Eastern), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP99-195-000 an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing it to construct, own, operate, maintain and abandon certain facilities located in Harrison County, Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The application may be

viewed on the web at www.ferc.fed.us. Call (202) 208-2222 for assistance.

Texas Eastern requests authorization to replace a total of approximately 2,200 feet of 24-inch pipeline, abandon the existing pipeline being replaced, acquire new permanent right of way, and to utilize temporary work space during the construction of such facilities. Texas Eastern states that the proposed project (Longview Project) is necessary to upgrade the pipeline segment being replaced from a Class 1 facility to a Class 3 facility to comply with U.S. Department of Transportation safety standards.

Texas Eastern states that the replacement pipeline segment will be a 24-inch diameter pipe, and will therefore have a design delivery capacity equivalent to the facilities being replaced. Texas Eastern states the replacement will not change Texas Eastern system's maximum daily design capacity.

Texas Eastern estimates the total capital cost of the proposed facilities to be approximately \$1,578,000.

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before March 9, 1999, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protest filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Section 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Texas Eastern to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.
