**Notice of Intent to Repatriate Cultural
Items in the Possession of the Arizona
State Museum, The University of
Arizona, Tucson, AZ**

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items in the possession of the Arizona State Museum (ASM) which meet the definition of "object of cultural patrimony" under Section 2 of the Act.

The cultural items consist of 38 Chapayeka masks (*hiisam*) constructed of hide, paper, and paint and 12 Chapayeka spears, swords, and daggers constructed of wood and paint.

In 1932, one Chapayeka mask was purchased by the Arizona State Museum at Old Pascua. In 1939, one mask and one sword were donated to ASM by Mrs. Josephine Shelby of Sahuarita, AZ. In 1942, one spear was collected by Edward Spicer in Huirivis, Sonora, Mexico. Between 1969-1971, 16 masks were obtained by ASM through Richey Elementary School, Tucson, AZ. Around 1970, three masks were made by an unknown person for use in a School Loan Kit program. In 1976, three masks were purchased by ASM from Tom Bahti Indian Arts, Tucson, AZ. During 1980-1982, eleven masks, one spear, six swords, and three daggers were donated to ASM by William Hawes Smith. At unknown dates, two masks were purchased by ASM from the maker; and one mask was collected by Donna Laney and Candelaria Carvajal at Loma de Guamuchil, Sonora, Mexico.

Museum documentation and consultation with representatives of the Pascua Yaqui Tribe indicate that these cultural items are Pascua Yaqui. The two Sonoran cultural items are being claimed by the Pascua Yaqui Tribe on behalf of the Sonoran Yaqui communities. These cultural items have been identified as consistent with known ceremonial and sacred items as recorded in ethnographic sources. Representatives of the Pascua Yaqui Tribe have also identified these cultural items as having ongoing traditional and cultural importance central to the tribe itself, and could not have been alienated by any individual.

Based on the above-mentioned information, officials of the Arizona State Museum have determined that, pursuant to 43 CFR 10.2 (d)(4), these 50 cultural items have ongoing historical, traditional, and cultural importance central to the culture itself, and could not have been alienated, appropriated, or conveyed by any individual. Officials of the Arizona State Museum have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these items and the Pascua Yaqui Tribe.

This notice has been sent to officials of the Pascua Yaqui Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these objects should contact Alyce Sadongei, American Indian Programs Coordinator, Arizona State Museum, University of Arizona, Tucson, AZ 85721; telephone: (520) 621-4609 before April 1, 1999. Repatriation of these objects to the Pascua Yaqui Tribe may begin after that date if no additional claimants come forward.

Dated: February 24, 1999.

Veletta Canouts,

Acting Departmental Consulting Archeologist,

Deputy Manager, Archeology and Ethnography Program.

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the Kansas State Historical Society, Topeka, KS

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Kansas State Historical Society, Topeka, KS.

A detailed assessment of the human remains was made by Kansas State Historical Society professional staff and a forensic osteologist in consultation with representatives of the Sac and Fox Nation of Missouri in Kansas and Nebraska; the Sac and Fox Nation, Oklahoma, and the Sac and Fox Tribe of the Mississippi in Iowa.

In 1968, human remains representing three individuals were recovered from site 14DP26, Doniphan County, KS during excavations conducted by members of the Great Plains Archeological Field School sponsored by the University of Kansas, Kansas State University, and Wichita State University. No known individuals were identified. The 103 associated funerary objects include a brass bell, a gun barrel and pistol ramrod, a pocket knife, a strike-a-light, part of a metal tankard, shell and glass beads, glass, shell, textile

and metal fragments, pieces of flint, and pottery sherds.

Based on the types and style of the associated funerary objects, these burials are estimated to date to between 1840 to 1860 A.D. Based on manner of interment and burial location, these individuals have been identified as Native American, specifically of Sac and Fox affiliation. Consultation with representatives of the Sac and Fox Nation of Missouri in Kansas and Nebraska; the Sac and Fox Nation, Oklahoma, and the Sac and Fox Tribe of the Mississippi in Iowa confirmed this information.

Based on the above mentioned information, officials of the Kansas State Historical Society have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of at least three individuals of Native American ancestry. Officials of the Kansas State Historical Society have also determined that, pursuant to 43 CFR 10.2 (d)(2), the 103 objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the Kansas State Historical Society have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary objects and the Sac and Fox Nation of Missouri in Kansas and Nebraska; the Sac and Fox Nation, Oklahoma, and the Sac and Fox Tribe of the Mississippi in Iowa.

This notice has been sent to officials of the Sac and Fox Nation of Missouri in Kansas and Nebraska; the Sac and Fox Nation, Oklahoma, and the Sac and Fox Tribe of the Mississippi in Iowa. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Randall Thies, Archeologist, Kansas State Historical Society, 6425 SW Sixth Avenue, Topeka, KS 66606-1099; telephone: (913) 272-8681, ext. 267, before April 1, 1999. Repatriation of the human remains and associated funerary objects to the Sac and Fox Nation of Missouri in Kansas and Nebraska; the Sac and Fox Nation, Oklahoma, and the Sac and Fox Tribe of the Mississippi in Iowa may begin after
