

that may be the case, the reviewer shall determine:

1. The nature and extent of foreign ownership, control, or domination, to include whether a foreign interest has a controlling or dominant minority position.

2. The source of foreign ownership, control, or domination, to include identification of immediate, intermediate, and ultimate parent organizations.

3. The type of actions, if any, that would be necessary to negate the effects of foreign ownership, control, or domination to a level consistent with the Atomic Energy Act and NRC regulations.

On the other hand, if the reviewer determines after reviewing the additional information specified in Section 2.2 that there is no further reason to believe that the applicant is an alien or owned, controlled, or dominated by a foreign person or entity, no additional review is necessary.

#### 4.4 Negation Action Plan

If the reviewer continues to conclude following the Supplementary Determination that an applicant may be considered to be foreign owned, controlled, or dominated, or that additional action would be necessary to negate the foreign ownership, control, or domination, the applicant shall be promptly advised and requested to submit a negation action plan. When factors not related to ownership are present, the plan shall provide positive measures that assure that the foreign interest can be effectively denied control or domination. Examples of such measures that may be sufficient to negate foreign control or domination include:

1. Modification or termination of loan agreements, contracts, and other understandings with foreign interests.

2. Diversification or reduction of foreign source income.

3. Demonstration of financial viability independent of foreign interests.

4. Elimination or resolution of problem debt.

5. Assignment of specific oversight duties and responsibilities to board members.

6. Adoption of special board resolutions.

#### 5. Evaluation Findings

The reviewer should verify that sufficient information has been provided to satisfy the regulations and this Standard Review Plan. In consideration of the guidance of this Standard Review Plan, the reviewer should then draft an analysis and

recommendation, based on the applicable information specified in Sections 2 and 4 above, concerning whether the reviewer knows, or has reason to believe that the applicant is an alien, or is a corporation or other entity that is owned, controlled, or dominated by an alien, a foreign corporation, or foreign government, and whether there are conditions that should be imposed before granting the application so as to effectively deny foreign control of the applicant.
