

Article VIII

In the licensing and regulation of byproduct material as defined in Section 11e.(2) of the Act, or of any activity which results in production of such material, the State shall comply with the provisions of Section 274o of the Act. If in such licensing and regulation, the State requires financial surety arrangements for reclamation or long-term surveillance and maintenance of such material,

A. The total amount of funds the State collects for such purposes shall be transferred to the United States if custody of such material and its disposal site is transferred to the United States upon termination of the State license for such material or any activity which results in the production of such material. Such funds include, but are not limited to, sums collected for long-term surveillance or maintenance. Such funds do not, however, include monies held as surety where no default has occurred and the reclamation or other bonded activity has been performed; and

B. Such surety or other financial requirements must be sufficient to ensure compliance with those standards established by the Commission pertaining to bonds, sureties, and financial arrangements to ensure adequate reclamation and long-term management of such byproduct material and its disposal site.

**RAILROAD RETIREMENT BOARD**

**Proposed Collection; Comment Request**

**SUMMARY:** In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and Purpose of information collection:*

Continuing Disability Report; OMB 3220-0187

Under Section 2 of the Railroad Retirement Act, an annuity is not payable or is reduced for any month in which the annuitant works for a railroad

or earns more than prescribed dollar amounts from either non-railroad employment or self-employment. Certain types of work may indicate an annuitant's recovery from disability. The provisions relating to the reduction or non-payment of annuities by reasons of work and an annuitant's recovery from disability for work are prescribed in 20 CFR 220.17-220.20. The RRB conducts continuing disability reviews (CDR) to determine whether annuitants continue to meet the disability requirements of the law. Provisions relating to when and how often the RRB conducts CDR's are prescribed in 20 CFR 220.186.

Form G-254, *Continuing Disability Report*, is currently used by the RRB to develop information for CDR determinations, including determinations prompted by a report of work, return to railroad service, allegations of medical improvement, or routine disability call-up. The RRB proposes to add a question regarding impairment related work expenses to the self-employment section of Form G-254. Editorial changes to the certification statement and other minor cosmetic changes are also proposed. In addition, the RRB proposes the addition of a new form to the information collection. Proposed Form G-254a, *Continuing Disability Update Report*, will be used to help identify disability annuitants whose work activity and/or recent medical history warrants a more extensive review and thus completion of Form G-254. One response is requested of each respondent to Form G-254 and G-254a. Completion is required to retain a benefit.

*Estimate of Annual Respondent Burden*

The estimated annual respondent burden is as follows:

Form #(s)	Annual responses	Time (Min)	Burden (hrs)
G-254 .....	1,500	5-35	623
G-254a .....	2,000	5	167
