

FOR FURTHER INFORMATION CONTACT: Durga N. Rimal, Solid Minerals Group, (202) 452-0350.

SUPPLEMENTARY INFORMATION: The regulations at 5 CFR 1320.8(d) require BLM to provide a 60-day notice in the **Federal Register** concerning the collection of information contained in Forms 3600-4 and 3600-5, to seek comments on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. BLM will review and analyze any comments sent in response to this notice and include them with its request for approval from the OMB under the Paperwork Reduction Act.

The Mineral Materials Act of 1947, as amended (Act), 30 U.S.C. 601 and 602, provides for the disposal of mineral materials, such as sand, gravel, and petrified wood, from the public lands by sale or free use. The Secretary disposes of such materials at his discretion, consistent with the regulations at 43 CFR Part 3600.

BLM uses the information that an applicant or permittee submits to: (1) determine if the sale of mineral materials is in the public interest, (2) mitigate the environmental impacts of mineral materials development, (3) get fair market value for the materials sold, and (4) prevent trespass removal of the materials.

Applicants must submit a written request to BLM to purchase mineral materials. Specific information requirements are not stated in the regulations, but all sales agreements are made on contract forms approved by the BLM Director. BLM uses two forms. Form 3600-4 is used when the sale value is less than \$2,000, and the applicant fully pays the amount due when executing the contract. Form 3600-5 is used for sales of \$2,000 or more and provides for installment payments. Both forms require the following information: (1) The applicant's name and address, (2) an authorized signature, and (3) the

location and amount of the material to be purchased. BLM uses the information to enter into the binding contract and to identify and communicate with the applicant. Without binding contractual agreements, the federal government would not be able to require appropriate reclamation of disturbed sites, protect natural resources, or ensure regular payments for the public mineral materials sold.

Based on BLM's experience in administering the activities described, the public reporting burden for the information described is estimated to average 30 minutes per response. The respondents operators desiring sand, gravel, stone, and other mineral materials from lands under BLM jurisdiction. The frequency of response is once or twice per year.

The majority of respondents consist of permittees with sales contracts amounting to less than \$2,000. Depending upon the site and the amount of materials, BLM, before processing the applications, may require applicants to provide an outline of a mining or reclamation plan at the time of applications. A majority of sales occur from community pits for which BLM has already developed a mining and reclamation plan, and there is no additional burden to applicants. The estimated average preparation time for completing Forms 3600-4 and 3600-5 and preparing any supporting documents is 30 minutes. Actual time varies from 15 minutes (most common) to several days for larger projects. The number of requests for sales averages 2,600 per year, with a total annual burden of 1,125 hours.

For sales contracts with terms exceeding 1 year, respondent must submit annual production reports for the duration of the contract. The average reporting burden for such respondents is about 30 minutes. The estimated number of production reports is 600 per year, with an estimated annual burden of 300 hours.

Applicants for sales contracts may test and sample deposits, with letters of use authorization from BLM. In an average year BLM issues about 100 letters of use authorization. The collective annual burden for this activity is estimated to be 75 hours. The total annual burden for all respondents is 1,500 hours.

BLM will summarize all responses to this notice and include them in the request for Office of Management and Budget approval. All comments will become part of the public record.

Dated: March 30, 1999.

Carole Smith,

BLM Information Clearance Officer.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV 910 0777 30]

Northeastern Great Basin Resource Advisory Council Meeting Location and Time

AGENCY: Bureau of Land Management, Interior.

ACTION: Resource Advisory Councils' Meeting Location and Time.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972 (FACA), 5 U.S.C., the Department of the Interior, Bureau of Land Management (BLM), Council meetings will be held as indicated below. The agenda for the May 14, 1999 meeting includes: approval of minutes of the previous meeting, Standards and Guidelines for wild horses, pinyon-juniper, mining and recreation; a status report on the Fish Creek Interim Evaluation by Eureka County; Resource Advisory Council (RAC) member reports on constituent contacts regarding possible Wilderness legislation; 3809 draft mining regulations; report on a wild horse gentling initiative; renewal of the RAC Charter; and field manager reports on current BLM activities and planned actions for the Battle Mountain, Elko and Ely Field Offices. The Council will also determine subject matter for future meetings.

On May 15, 1999, the Council will take a field tour of the Fish Creek Wild Horse Herd Management Area.

All meetings are open to the public. Citizens may present written comments to the Council. Each formal Council meeting will also have time allocated for hearing public comments. The public comment period for the Council meeting is listed below. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. The public may attend the field tour. Individuals who plan to attend or need special assistance, such as sign language interpretation or other reasonable accommodations, should contact Curtis Tucker, Special Projects Coordinator, Ely District Office, 702 North Industrial Way, HC 33 Box 33500,

Ely, NV 89301-9408, telephone 775-289-1841.

DATES, TIMES: The time and location of the meeting is as follows: Northeastern Great Basin Resource Advisory Council meeting, May 14, 1999, starting at 9:00 a.m.; Eureka Opera House, Eureka, Nevada 89316; public comments will be at 11:30 a.m.; tentative adjournment 5:00 p.m. May 15, 1999, starting at 8:00 a.m., the field tour will depart from the Eureka Opera House in Eureka and return at approximately 4 p.m. Tentative adjournment will be at 4:30 p.m.

FOR FURTHER INFORMATION CONTACT: Curtis Tucker, Special Projects Coordinator, Ely District Office, 702 North Industrial Way, HC 33 Box 33500, Ely, NV 89301-9408, telephone 702-289-1841.

SUPPLEMENTARY INFORMATION: The purpose of the Council is to advise the Secretary of the Interior, through the BLM, on a variety of planning and management issues, associated with the management of the public lands.

Those planning to attend the tour should wear clothing suitable for hiking, including sturdy footwear, and provide their own food and water. Those wishing to use government transportation should contact Mr. Tucker prior to the meeting.

Dated: March 26, 1999.

Helen Hankins,

District Manager, Elko.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NM-030-1430-01; NMNM100779]

Notice of Realty Action; Recreation and Public Purposes (R&PP) Act Classification; New Mexico

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Notice of Realty Action; R&PP Act Classification.

SUMMARY: The following public land in Dona Ana County, New Mexico has been examined and found suitable for classification for lease or conveyance to Dona Ana County, New Mexico under the provision of the R&PP Act, as amended (43 U.S.C. 869 *et seq.*). Dona Ana County proposes to use the land for a Public Health Facility.

T. 22 S., R. 3 W., NMPM,
Sec. 18: Part of lot 12.

Containing 2.5 acres, more or less.

DATES: Comments regarding the proposed lease/conveyance or

classification must be submitted on or before May 24, 1999.

ADDRESSES: Comments should be sent to the Bureau of Land Management, Las Cruces Field Office, 1800 Marquess, Las Cruces, New Mexico 88005.

FOR FURTHER INFORMATION CONTACT: Marvin M. James at the address above or at (505) 525-4349.

SUPPLEMENTARY INFORMATION: Lease or conveyance will be subject to the following terms, conditions, and reservations:

1. Provisions of the R&PP Act and to all applicable regulations of the Secretary of the Interior.

2. All valid existing rights documented on the official public land records at the time of lease/patent issuance.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

4. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

Upon publication of this notice in the **Federal Register**, the land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the R&PP Act and leasing under the mineral leasing laws. On or before May 24, 1999, interested persons may submit comments regarding the proposed lease/conveyance or classification of the land to the Field Manager, Las Cruces Field Office, 1800 Marquess, Las Cruces, New Mexico 88005. Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a Public Health Facility. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not

directly related to the suitability of the land for a Public Health Facility.

Dated: April 1, 1999.

Bill Merhege,

Acting Field Manager, Las Cruces.
