## DEPARTMENT OF ENERGY

### Western Area Power Administration

[Rate Order No. WAPA–84]

#### Desert Southwest Customer Service Region Network Integration Transmission and Ancillary Services

**AGENCY:** Western Area Power Administration, DOE.

**ACTION:** Notice; correction.

**SUMMARY:** The Western Area Power Administration published a document in the **Federal Register** of May 11, 1998, Desert Southwest Customer Service Region Network Integration Transmission and Ancillary Services. The document omitted Rate Schedule DSW-SUR1, Schedule 6 to Tariff.

**FOR FURTHER INFORMATION CONTACT:** Mr. Maher A. Nasir, Rates Team Lead, telephone (602) 352–2768, or Mr. Tyler Carlson, Regional Manager, telephone (602) 352–2453, Desert Southwest Customer Service Region, Western Area Power Administration, P.O. Box 6457, Phoenix, AZ 85005–6457.

#### Correction

In the **Federal Register** issue of May 11, 1999, in FR Doc. 99–11864, on page 25334, in the first column, insert the following schedule:

Rate Schedule DSW–SUR1;  
SCHEDULE 6 to Tariff—OPERATING RESERVE—SUPPLEMENTAL RESERVE SERVICE.

#### Effective

The first day of the first full billing period beginning on or after April 1, 1999, through March 31, 2004.

#### Applicable

Supplemental reserve service (Reserves) is needed to serve load immediately in the event of a system contingency. Reserves may be provided by generating units that are on-line and loaded at less than maximum output. The transmission customer must either purchase this service from the Western Area Lower Colorado control area

(WALC), or make alternative comparable arrangements to satisfy its Reserves requirements. The charges for Reserves are referred to below. The amount of Reserves will be set forth in the service agreement.

#### Formula Rate

No long-term Reserves are available from WALC resources. The Desert Southwest Customer Service Region, upon request, will obtain the Reserves on the open market for the customer and pass through the cost, plus a 10 percent administrative charge.

#### Rate

Cost for Reserves = market price + 10 percent.

Dated: May 18, 1999.

**Timothy J. Meeks,**

*Assistant Administrator.*

### Futures Forum Discussion of Small Drinking Water Systems and Unserved Populations; Notice of Meeting

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of meeting.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) will be holding a one-day public meeting from 9:00–5:00 on June 10, 1999 in Washington, DC. The purpose of this meeting is to discuss the small systems and unserved populations questions related to the drinking water futures forum.

The purpose of the Drinking Water Futures Forum is to evaluate the challenges facing the nation in ensuring a safe supply of drinking water in 25 years, and develop a plan to meet these challenges. The question to be discussed is: How should we ensure safe drinking water in 25 years? To help discussion, this all-encompassing question will be broken into 7 sub-questions: treatment technologies, source water quality and quantity, sensitive subpopulations, cost, small systems, unserved populations, and research.

The specific questions to be discussed on June 10 are small systems and unserved populations. Issues related to small systems include: what should the structure of the drinking water provision system be in the future? Can consolidation and restructuring take more advantage of economies of scale?

Are there additional activities to help alleviate tribal and small system compliance problems? What can/will be the drivers affecting the structure of the industry? Are there innovative or alternative institutional structures for the provision of drinking water to small populations?

Issues related to unserved populations include: What are our responsibilities to help provide safe drinking water to those not served by public water systems? How could we meet such responsibilities (e.g., education?)

**ADDRESSES:** The meeting will be held at the Department of the Interior, 1849 C St. NW, Washington DC 20240, in Conference Room 7000B.

**FOR FURTHER INFORMATION CONTACT:** To register for the meeting, please contact the Safe Drinking Water Hotline at 1–800–426–4791 or 703–285–1093 between 9:00 a.m. and 5:30 p.m. EDT. For specific meeting information on the small systems question, please contact Peter Shanaghan at 202–260–5813 or by e-mail at [shanaghan.peter@epa.gov](mailto:shanaghan.peter@epa.gov). For specific information on the unserved populations question, please contact Joshua Joseph at 202–260–2446, or by e-mail at [joseph.joshua@epa.gov](mailto:joseph.joshua@epa.gov).

### Increasing Transparency for the Tolerance Reassessment Process; Availability of Preliminary Risk Assessment for the Organophosphate Pesticide: Phostebupirim

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the availability of documents that were developed as part of the Environmental Protection Agency's process for making reregistration eligibility decisions for the organophosphate pesticides and for tolerance reassessments consistent with the Federal Food, Drug, and Cosmetic Act (FFDCA) as amended by the Food Quality Protection Act of 1996 (FQPA). These documents are the preliminary human health risk assessment and related documents for phostebupirim. This notice also starts a 60-day public comment period for the preliminary risk assessment. Comments are to be limited
