

TABLE 1.—RESPONDENT AND BURDEN ESTIMATE—Continued

Type of respondents	Estimated number of respondents	Number of responses per respondent	Average time in hours per response	Estimated total burden hours	Estimated annual hour burden (over 3 years)
Parents	3,500	3	1.00	10,500	3,500
Total	² 249,65429	71,861	³ 23,289

¹ Respondents are screened in year one only.

² Some number of screener respondents are later also selected for a parent interview. The exact proportion cannot be estimated at this time.

³ This number does not include screening for the CLSPY because screening is done in year one only.

There are no Capital Costs to report. There are no Operating or Maintenance Costs to report. Because of the sensitivity of collecting data from families in households involving children as young as 9 years old, and the importance of minimizing costs for repetitive, return visits to obtain respondent cooperation, NIDA is considering the provision of a reasonable cost incentive to reimburse respondents for their time.
