Approval and Promulgation of Implementation Plans Georgia; Approval of Revisions to the Georgia State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On March 15, 1995, the State of Georgia, through the Environmental Protection Division (EPD), submitted revisions to their State Implementation Plan (SIP) regarding permitting exemptions. EPA is granting final approval to these revisions.

In the Final Rules Section of this **Federal Register**, EPA is approving the Georgia State Plan submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates that it will not receive any significant, material, and adverse comments. A detailed rationale for the approval is set forth in the direct final rule published elsewhere in today's **Federal Register**. If no adverse comments are received, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action.

DATES: Written comments must be received on or before July 30, 1999.

ADDRESSES: Written comments should be addressed to Scott Martin at the EPA Regional Office listed below. Copies of the documents relevant to this proposed rule are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the day of the visit.

Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision, Modoc County Air Pollution Control District, Siskiyou County Air Pollution Control District, Tehama County Air Pollution Control District, and Tuolumne County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is approving revisions to the California State Implementation Plan (SIP). This action is an administrative change which revises the definitions in Modoc County Air Pollution Control District (MCAPCD), Siskiyou County Air Pollution Control District (SCAPCD), Tehama County Air Pollution Control District (TCAPCD), and Tuolumne County Air Pollution Control District (TUCAPCD).

The intended effect of approving this action is to incorporate changes to the definitions for clarity and consistency and to update the Exempt Compound list in TCAPCD definition's rule to be consistent with the revised federal and state VOC definitions. EPA is proposing approval of these revisions to be incorporated into the California SIP for the attainment of the national ambient air quality standards (NAAQS) under title I of the Clean Air Act (CAA or the Act). In the Final Rules section of this **Federal Register**, the EPA is approving the state's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no adverse comments are

received, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.

DATES: Written comments must be received by July 30, 1999.

ADDRESSES: Comments should be addressed to: Andrew Steckel, Chief, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the rule revisions and EPA's evaluation report of each rule are available for public inspection at EPA's Region 9 office during normal business hours. Copies of the submitted rule revisions are also available for inspection at the following locations:

California Air Resources Board,
Stationary Source Division, Rule
