NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

Fellowships Advisory Panel

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), as amended, notice is hereby given that two meetings of the Fellowship Panel, Literature section, to the National Council on the Arts will be held from September 13-16, 1999 in Room M-07 at the Nancy Hanks Center, 1100 Pennsylvania Avenue, NW, Washington, DC 20506. The Translation Projects in Prose section will meet from 9:00 a.m. to 7:00 p.m. on September 13th and the Fiction/Creative Non-Fiction section will meet from 9:00 a.m. to 7:00 p.m. on September 14th and 15th and from 9:00 a.m. to 5:00 p.m. on September 16th. A portion of this meeting, from 9:00 a.m. to 11:00 a.m. on September 16th, will be open to the public for policy discussions.

The remaining portions of these meetings, from 9:00 a.m. to 7:00 p.m. on September 13th-15th and from 11:00 a.m. to 5:00 p.m. on September 16th, are for the purpose of Panel review, discussion, evaluation, and recommendation on applications for financial assistance under the National Foundation on the Arts and the Humanities Act of 1965, as amended, including information given in confidence to the agency by grant

applicants. In accordance with the determination of the Chairman of May 12, 1999, these sessions will be closed to the public pursuant to (c)(4)(6) and (9)(B) of section 552b of Title 5, United States Code.

Any person may observe meetings, or portions thereof, of advisory panels which are open to the public, and, if time allows, may be permitted to participate in the panel's discussions at the discretion of the panel chairman and with the approval of the full-time Federal employee in attendance.

If you need special accommodations due to a disability, please contact the Office of Accessibility, National Endowment for the Arts, 1100 Pennsylvania Avenue, NW, Washington, DC 20506, 202/682-5532, TDY-TDD 202/682-5496, at least seven (7) days prior to the meeting.

Further information with reference to this meeting can be obtained from Ms. Kathy Plowitz-Worden, Office of Guidelines & Panel Operations, National Endowment for the Arts, Washington, DC 20506, or call 202/682-5691.

Dated: July 28, 1999.

Kathy Plowitz-Worden,

Panel Coordinator, Panel Operations, National Endowment for the Arts.

BILLING CODE 7537-01-M

NUCLEAR REGULATORY COMMISSION

Documents Containing Reporting or Recordkeeping Requirements; Office of Management and Budget (OMB) Review

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

1. Type of submission, new, revision, or extension: Revision

2. The title of the information collection: Proposed rule, "Requirements for Certain Generally Licensed Industrial Devices Containing Byproduct Material" (10 CFR Parts 30, 31, 32, 170, and 171).

3. The form number if applicable: NRC Form 653, Transfers of Industrial Devices Report

4. How often is the collection required: Quarterly, Annually, On Occasion.

5. Who will be required or asked to report: NRC licensees and Agreement State licensees.

6. An estimate of the number of responses: NRC licensee responses are 20,320 and Agreement States responses are 18,670, for a total of 38,990 responses.

7. The estimated number of annual respondents: 6,340.

8. An estimate of the total number of hours needed annually to complete the requirement or request: NRC licensees = 511, Agreement States = 602 for a total of 1,113 hours.

9. An indication of whether section 3504(h), Pub. L. 96-511 applies: Applicable.

10. Abstract: The proposed rule would include the addition of more explicit requirements concerning a registration requirement that the NRC plans to initiate through an earlier proposed rule (December 2, 1998; 63 FR 66942). This action proposes to include in the regulations the specific criteria for inclusion in the registration program and details about the information required. The amendments would also modify the quarterly transfer reporting, recordkeeping, and labeling requirements for specific licensees who distribute these generally licensed devices and provide clarifications concerning provisions of the regulations applicable to all general licensees for byproduct material. The proposed rule is intended to allow the NRC to better track general licensees so that they can be contacted or inspected, to make sure that the devices can be identified even if lost or damaged, and to further ensure that general licensees are aware of and understand the requirements for the possession of devices containing byproduct material. Greater awareness helps to ensure that general licensees will comply with the requirements for proper handling and disposal of generally licensed devices and would reduce the potential for incidents that could result in unnecessary radiation exposure to the public and contamination of property.

Submit, by September 7, 1999, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
