40 CFR Part 52

[CT-053-7212b; A-1-FRL-6443-2]

Approval and Promulgation of Air Quality Implementation Plans; Connecticut; Nitrogen Oxides Budget and Allowance Trading Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve State Implementation Plan (SIP) revisions submitted by the State of Connecticut. The revisions consists of adding a regulation, section 22a-174-22a, "The Nitrogen Oxides (NO_x) Budget Program" and four NO_x RACT trading orders to the CT SIP. The regulation is part of a regional nitrogen oxides (NO_x) emissions cap and allowance trading program designed to reduce stationary source NO_x emissions during the ozone season in the Ozone Transport Region (OTR) of the northeastern United States. The trading orders allow three NO_x emitting facilities to meet reasonably available control technology (RACT) requirements using NO_x emission credits and one facility to generate NO_x emission credits. These SIP revisions were submitted pursuant to section 110 of the Clean Air Act (CAA).

In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittals as a direct final rule without prior proposal because the Agency views them as noncontroversial revisions and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final

rule. If no adverse comments are received in response to this action, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before October 29, 1999.

ADDRESSES: Comments may be mailed to Susan Studlien, Deputy Director, Office of Ecosystem Protection (mail code CAA), U.S. Environmental Protection Agency, Region I, One Congress Street, Suite 1100, Boston, MA 02114-2023. Copies of the State submittals and EPA's technical support documents are available for public inspection during normal business hours, by appointment at the Office of Ecosystem Protection, U.S. Environmental Protection Agency, Region I, One Congress Street, 11th floor, Boston, MA, and the Bureau of Air Management, Department of Environmental Protection, State Office Building, 79 Elm Street, Hartford, CT 06106-1630.
