BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Harris and Montgomery Counties, Texas

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environment impact statement will be prepared for a proposed transportation improvement project in Harris and Montgomery Counties, Texas.

FOR FURTHER INFORMATION CONTACT: Mr. John Mack, P.E., Federal Highway Administration, Texas Division, 826 Federal Bldg., 300 East 8th Street, Austin, Texas 78701, Telephone 512-916-5516.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Texas Department of Transportation (TxDOT) and The Grand Parkway Association, will prepare an environmental impact statement (EIS) on a proposal to upgrade the existing road network in Harris and Montgomery Counties. The proposed improvements being considered, as shown in the Region's Long-Range Transportation Plan, are a multilane controlled access facility in northern Harris and Montgomery Counties which would be part of a third circumferential loop (State Highway 99) around Houston. The proposed improvement length is approximately 13 miles. Improvements in this area are necessary to provide mobility to the growing area of northwest Harris and Montgomery Counties. A Draft EIS will evaluate various transportation alternatives between Interstate 45 (North) and United States Highway 59 (North). The majority of this corridor crosses relatively undeveloped properties in Harris and Montgomery Counties, although subdivision has occurred in portions. Among the alternatives to be studied are the "No-action" alternative, Transportation System Management (TSM) alternative, Mass Transit alternative and Roadway Build alternative. Cities and towns in this region include Spring, New Caney and Porter. This study is authorized pursuant to the Texas Transportation Commission Minute Order No. 108744 issued May 27, 1999.

The scoring meeting will be on February 3, 2000, at Kingwood College, 20000 Kingwood Drive from 4 p.m. to 7 p.m. Large scale maps with environmental and social features will be available at the meeting, and several
