Re: Comment on Proposed Final Judgment in
United States v. Fiat S.p.A. et al. (D.D.C.
filed Nov. 4, 1999).

Dear Mr. Hau:

This letter responds to your November 30, 1999 letter commenting on the proposed Final Judgment in *United States v. Fiat S.p.A. et al.* (D.D.C. filed Nov. 4, 1999), which is currently pending in federal district court in the District of Columbia. The Complaint filed by the United States alleges that the proper acquisition of Case Corporation ("Case") by Fiat S.p.A. ("Fiat") would result in a substantial lessening of competition in the manufacture and sale of two-wheel drive ("2WD") tractors, four-wheel-drive ("4WD") tractors, and several types of hay and foraging equipment. The proposed Final Judgment would settle the case by requiring the divestiture of New Holland's 2WD and 4WD tractor lines and the sale of Case's interest in Hay and Forage Industries ("HFI"), a joint venture engaged in the manufacture of hay and forage equipment.

In your letter, you express concern that Fiat's acquisition of Case will harm consumers of farm equipment. Specifically, your letter states that: "If two companies merge to become the largest company in their industry, isn't it clearly monopolistic and usually negative for workers and consumers alike?" Your letter also expresses concern that "Case and IH [International Harvester]" and "Ford and New Holland should not have been allowed to merge" in previous transactions.

Although the United States agrees that Fiat's acquisition of Case—if allowed to proceed without the required divestitures—would harm farmers who purchase tractors and hay and forage equipment, the proposed Final Judgment does not simply allow Fiat and Case to merge their agricultural equipment business. The United States strongly believes the divestitures required by the proposed Final Judgment will alleviate the competitive concerns alleged in the Complaint and preserve competition in the manufacture and sale of 2WD tractors, 4WD tractors, and hay and forage equipment. Finally, the United States assures you that it thoroughly investigated the mergers of Case/IH and Ford/New Holland and took appropriate enforcement action.

Thank you for bringing your concerns to our attention. I trust you appreciate that we have given them due consideration, and hope

this response will help alleviate them. Pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. § 16(d), a copy of your comment and this response will be published in the Federal Register and filed with the Court.

Sincerely yours,

J. Robert Kramer II,

Chief, Litigation II Section.

DEPARTMENT OF LABOR**Employment Standards
Administration, Wage and Hour
Division****Minimum Wages for Federal and
Federally Assisted Construction;
General Wage Determination;
Decisions**

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from

their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.
