

3. From the Armstrong Ranch boundary, approximately 10,000 LF of 30-inch pipeline would be installed along a route through the City of Marina Municipal Airport to Reservation Road with various water service turnouts.

The proposed project has design elements that could become part of a regional system, if that system were ever to be expanded. The feasibility of such a regional system, the regional urban recycled water distribution project, is currently being studied. This system would require a storage reservoir as outlined in the 1996 Annexation Agreement and Groundwater Mitigation Framework for Marina Area Lands (1996). In addition, other elements of the regional project are not clearly defined. These elements are discussed in the 1996 Monterey Peninsula Reclaimed Water Urban Reuse Feasibility Study Update as developed by the MRWPCA. The planning effort for a regional urban distribution system may serve sites within the Cities of Marina, Seaside, Del Rey Oaks, Sand City, and Monterey. Additional environmental documentation would be necessary to implement this regional system.

### **Chrome-Plated Lug Nuts From China and Taiwan**

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice of Commission determination to conduct full five-year reviews concerning the antidumping duty orders on chrome-plated lug nuts from China and Taiwan.

**SUMMARY:** The Commission hereby gives notice that it will proceed with full reviews pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)) to determine whether revocation of the antidumping duty orders on chrome-plated lug nuts from China and Taiwan would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. In the course of considering the record in these expedited reviews, the Commission now determines that full reviews are

warranted. The Commission will exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B). A schedule for these reviews will be established and announced at a later date. For further information concerning the conduct of these reviews and rules of general application, consult the Commission's rules of practice and procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Therefore, it voted to conduct expedited reviews. The Commission has found, however, that circumstances warrant conducting full reviews. Therefore, on March 22, 2000, the Commission determined that it should proceed to full reviews in the subject five-year reviews pursuant to section 751(c)(5) of the Act. The Commission's statement on proceeding to full reviews and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's web site.
