FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or

remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (email) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base

flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below.

Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Local Competition and Broadband Reporting	
AGENCY: Federal Communications Commission.	
ACTION: Final rule.	
SUMMARY: In this document, the Federal Communications Commission announces the adoption of a program to collect basic information about the status of local telephone service competition and the deployment of advanced telecommunications capability, also known as broadband. The Commission will use this information to help inform it craft its regulations in a manner that encourages development in these markets. The Commission further intends that this information will inform other policy makers and consumers about these markets. By understating the state of local telephony service competition and the deployment of broadband services, the Commission will be better able to fulfill its statutory obligations.	

DATES: *Effective Date:* May 12, 2000.
Compliance Date: For the first filing respondents must submit 1999 year-end data by May 15, 2000.

FOR FURTHER INFORMATION CONTACT: Scott Bergmann or Ellen Burton, Industry Analysis Division, Common Carrier Bureau, at (202) 418-0940. For additional information concerning the information collections contained in the Report and Order (Order) contact Judy Boley at 202-418-0214, or via the Internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order (Order) released March 30, 2000 (FCC 00-114), issued in response to the Notice of Proposed Rulemaking released by the Commission on October 22, 1999 (FCC 99-301). The full text of the Order is available for inspection and copying during normal business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW, Washington, DC 20554. The complete text also may be purchased from the Commission's copy contractor, International Transcription Service, Inc. (202) 857-3800, 1231 20th Street, NW, Washington, DC 20037. Additionally, the complete item is available on the Commission's website at <http://www.fcc.gov/Bureaus/Common_Carrier/Orders/2000/>.

Outreach Workshops: In an effort to inform respondents and answer questions regarding their filings, the Commission will hold two workshops in the Commission's Meeting Room at 445 12th Street, SW, Washington, DC 20554. The workshops will be held on April 17, 2000 and May 1, 2000. Details will be provided by Public Notice released by the Commission.

Summary of the Report and Order

1. In the Order summarized here, we adopt an information collection program to collect basic information about the status of local telephone service competition and the deployment of advanced telecommunications capability, also known as broadband. We conclude that we need timely and reliable information about the pace and extent of developing local competition in different geographic areas in order to
