

to the Court and the Louisiana Department of Environmental Quality (LDEQ). LDEQ will incorporate the TMDLs into its current water quality management plan.

Through this notice, EPA is also making available for comment EPA's February 25, 2000 determination that TMDLs are not needed for 46 waterbody/pollutant combinations in the Mermentau and Vermilion/Teche river basins and 2 in the Pearl River basin.

In response to the Court's October 1, 1999 Order, EPA on October 28, 1999 disapproved Louisiana's 1998 CWA section 303(d) list and, on November 1, 1999, submitted to the Court a Court Ordered CWA section 303(d) list and administrative record. EPA made the Court Ordered List available for public comment on November 29, 1999 (64 FR 66635). After review of water quality data and monitoring information and public comments, EPA issued a Modified Court Ordered CWA section 303(d) list on February 25, 2000. As part of that decision, EPA determined that 46 waterbody/pollutant combinations in the Mermentau and Vermilion/Teche basins and 2 in the Pearl River basin should be removed from the Court Ordered CWA section 303(d) list.
