

(c) *By order of law.* The claimant's natural mother or father has not married the employee, but—

(1) The employee has acknowledged in writing that the claimant is his or her son or daughter; or

(2) A court has decreed that the employee is the mother or father of the claimant; or

(3) A court has ordered the employee to contribute to the claimant's support because the claimant is the employee's son or daughter; and,

(4) Such acknowledgment, court decree, or court order was made not less than one year before the employee became entitled to an annuity, or in the case of a disability annuitant prior to his or her most recent period of disability, or in case the employee is deceased, prior to his or her death. The written acknowledgment, court decree, or court order will be considered to have occurred on the first day of the month in which it actually occurred.

(d) Other evidence of relationship. The claimant's natural mother or father has not married the employee, but—

(1) The claimant has submitted evidence acceptable in the judgment of the Board, other than that discussed in paragraph (c) of this section, that the employee is his or her natural mother or father; and

(2) The employee was living with the claimant or contributing to the claimant's support, as discussed in §§ 222.58 and 222.42 of this part, when—

(i) The spouse applied for an annuity based on having the employee's child in care; or

(ii) The employee's annuity could have been increased under the social security overall minimum provision; or

(iii) The employee died, if the claimant is applying for a child's annuity or lump-sum payment.

(e) *Use of state laws—(1) General.* To determine whether a claimant is the natural child of the employee, the state inheritance laws regarding whether the claimant could inherit a child's share of the employee's personal property if he or she were to die intestate will apply. If such laws would permit the claimant to inherit the employee's personal property, the claimant will be considered the child of the employee. The state inheritance laws where the employee was domiciled when he or she died will apply. If the employee's domicile was not in one of the 50 states, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, or the Northern Mariana Islands, the laws of the District of Columbia will apply.

(2) *Standards.* The Board will not apply any state inheritance law requirement that an action to establish paternity must have been commenced within a specific time period, measured from the employee's death or the child's birth, or that an action to establish paternity must have been commenced or completed before the employee's death. If state laws on inheritance require a court to determine paternity, the Board will not require such a determination, but the Board will decide paternity using the standard of proof that the state court would apply as the basis for making such a determination.

(3) *Employee is living.* If the employee is living, the Board will apply the state law where the employee is domiciled which was in effect when the annuity may first be increased under the social security overall minimum (see part 229 of this chapter). If under a version of state law in effect at that time, a person does not qualify as a child of the employee, the Board will look to all versions of state law in effect from when the employee's annuity may first have been increased until the Board makes a final decision, and will apply the version of state law most favorable to the employee.

(4) *Employee is deceased.* The Board will apply the state law where the employee was domiciled when he or she died. The Board will apply the version of state law in effect at the time of the final decision on the application for benefits. If under that version of state law the claimant does not qualify as the child of the employee, the Board will apply the state law in effect when the employee died, or any version of state law in effect from the month of potential entitlement to benefits until a final determination on the application. The Board will apply the version most beneficial to the claimant. The following rules determine the law in effect as of the employee's death:

(i) Any law enacted after the employee's death, if that law would have retroactive application to the employee's date of death, will apply; or

(ii) Any law that supersedes a law declared unconstitutional, that was considered constitutional on the employee's date of death, will apply.

4. A new paragraph (c) is added to § 222.33 to read as follows:

**§ 222.33 Relationship resulting from legal adoption.**

\* \* \* \* \*

(c) The adoption laws of the state or foreign country where the adoption took place, not the state inheritance laws, will determine whether the claimant is the employee's adopted child.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Food and Drug Administration**

**21 CFR Parts 175 and 176**

[Docket No. 99F-0925]

**Indirect Food Additives: Adhesives and Components of Coatings and Paper and Paperboard Components**

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Final rule.

**SUMMARY:** The Food and Drug Administration (FDA) is amending the food additive regulations to provide for the safe use of 2,2-dibromo-3-nitropropionamide as a preservative for adhesives and coatings used in the manufacture of paper and paperboard intended for contact with food. This action responds to a petition filed by The Dow Chemical Co.

**DATES:** This rule is effective April 18, 2000; submit written objections and requests for a hearing by May 18, 2000.

**ADDRESSES:** Submit written objections to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

**FOR FURTHER INFORMATION CONTACT:** Hortense S. Macon, Center for Food Safety and Applied Nutrition (HFS-205), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-418-3086.

**SUPPLEMENTARY INFORMATION:** In a notice published in the *Federal Register* of April 22, 1999 (64 FR 19790), FDA announced that a food additive petition (FAP 9B4641) had been filed by The Dow Chemical Co., Midland, MI 48674. The petition proposed to amend the food additive regulations in § 175.105 *Adhesives* (21 CFR 175.105) and § 176.170 *Components of paper and paperboard in contact with aqueous and fatty foods* (21 CFR 176.170) to provide for the safe use of 2,2-dibromo-3-nitropropionamide as a preservative for adhesives and coatings in the manufacture of paper and paperboard intended for contact with food.

FDA has evaluated the data in the petition and other relevant material. Based on this information, the agency

concludes that: (1) The proposed uses of the additive are safe, (2) the additive will achieve its intended technical effect, and therefore, (3) the regulations in §§ 175.105 and 176.170 should be amended as set forth below.

In accordance with § 171.1(h) (21 CFR 171.1(h)), the petition and the documents that FDA considered and relied upon in reaching its decision to approve the petition are available for inspection at the Center for Food Safety and Applied Nutrition by appointment with the information contact person listed above. As provided in § 171.1(h), the agency will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

The agency has previously considered the environmental effects of this final rule as announced in the notice of filing for FAP 9B4641 (64 FR 19790). No new information or comments have been received that would affect the agency's previous determination that there is no significant impact on the human environment and that an environmental impact statement is not required.

This final rule contains no collections of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

Any person who will be adversely affected by this regulation may at any time file with the Dockets Management Branch (address above) written objections by May 18, 2000. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provisions of the regulation to which objection is made and the grounds for the objection. Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right to a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection. Three copies of all documents are to be submitted and are to be identified with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.
