Transcontinental Gas Pipe Line Corporation; Notice of Compliance Filing

April 12, 2000.

Take notice that on April 6, 2000 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing recalculated rates, supporting workpapers and pro forma tariff sheets pursuant to Ordering Paragraph (B) of the Commission's Order on Initial Decision issued on March 17, 2000 (March 17 Order) in Docket No. RP97-71-000.

Transco states that the purpose of the instant compliance filing is to submit recalculated rates and supporting workpapers to adjust the Docket No. RP97-71 rates using the return on equity of 12.40 percent and cost of debt of 8.21 percent approved in the March 17 Order. The period covered by the recalculated rates reflected in the instant filing extends from May 1, 1997 through March 31, 2000.

The March 17 Order also directs Transco to file pro forma tariff sheets reflecting on a prospective basis the elimination of the revenue credit related to a discount given to Tennessee Gas Pipeline Company and Public Service Electric and Gas Company under Transco's Rate Schedule X-15 and reflecting the approved rate of return. Accordingly, Transco submits in the instant filing pro forma tariff sheets containing revised rates that reflect, on a prospective basis, the removal of the effects of the Rate Schedule X-15 rate discount from Transco's billing determinants in its rate design volumes, as well as the rate of return approved in the March 17 Order, and supporting workpapers for such rates.

Transco states that copies of the filing are being mailed to all parties in Docket No. RP97-71-000 and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with § 385.211 of

[Docket No. PR99-257-006]

Williams Gas Pipelines Central, Inc.; Notice of Proposed Changes in FERC Gas Tariff

April 12, 2000.

Take notice that on April 6, 2000, Williams Gas Pipelines Central Inc. (Williams) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets to become effective November 1, 1999.

Substitute Second Revised Sheet No. 267.
Sheet No. 268

On December 30, 1999, Williams filed revised tariff sheets and a Reconciliation and Refund report in the above-referenced dockets related to the settlement of all Gas Supply Realignment (GSR) cost issues. That filing is pending before the Commission. In that filing, Williams inadvertently deleted sections 14.4 and 14.5 of the General Terms and Conditions of its tariff. Those sections dealt with Stranded Investment and Exit Fees, respectively, and did not relate to GSR costs in any way. The instant filing proposes to reinstate these sections as sections 14.3 and 14.4 to be consistent with the numbering of preceding sections in Article 14. Williams is not proposing any changes in the language of these sections.

Williams states that copies of the revised tariff sheets are being mailed to all parties on the Commission's official service list as well as to William's jurisdictional customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with § 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.
