

During the first 60 days of this same review period, a regulator review of this information collection is also being undertaken. All comments and suggestions, or questions regarding additional information, to include obtaining a copy of the proposed information collection instrument with instructions, should be directed to Dean V. Hoffman, Program Manager, Office of Juvenile Justice and Delinquency Prevention, 810 7th Street, NW, Washington, DC 20531, or facsimile at (202) 353-9096. Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

Overview of This Information Collection

(1) *Type of Information Collection:* New collection.

(2) *Title of the Form/Collection:* Comprehensive Strategy Site Coordinator Telephone Interview.

(3) *Agency form number:* None.

(4) *Component of the Department of Justice sponsoring the collection Form:* None. Office of Juvenile Justice and Delinquency Prevention, Office of Justice Programs, United States Department of Justice.

(5) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or households. Other: None. Abstract: This information will be collected to provide OJJDP with an understanding of the different processes by which communities have adapted the Comprehensive Strategy framework to their own community contexts. The site coordinator telephone interview will provide knowledge of Comprehensive Strategy development within each site

and information on challenges, critical success factors, key participants, and training activities in each site.

(6) *Estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 45 responses at 40 minutes per response. *Estimate of the total public burden (in hours) associated with the collection:* 30 annual burden hours.

If additional information is required contact: Ms. Brenda E. Dyer, Deputy Clearance Officer, United States Department of Justice, Information Management and Security Staff Justice Management Division, Suite 1220, National Place, 1331 Pennsylvania Avenue NW, Washington, DC 20530.

Dated: April 11, 2000.

Brenda E. Dyer,

*Department Deputy Clearance Officer,
Department of Justice.*

BILLING CODE 4410-18-M

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

Advisory Committee on Construction Safety and Health

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice of an open meeting of the Advisory Commission on Construction Safety and Health (ACCSH).

SUMMARY: OSHA is notifying the public that the ACCSH will meet May 4-5, 2000 at the Francis Perkins Building, U.S. Department of Labor, 200 Constitution Avenue, NW, Washington, DC. This meeting is open to the public.

DATES, TIMES, AND ROOMS: The ACCSH will meet on Thursday, May 4 from 8:30 a.m. to 4 p.m. and on Friday, May 5 from 9 a.m. to noon in room N-3437 B, C, and D. The ACCSH work groups will meet May 2-3 and, if necessary, after noon on May 5.

FOR FURTHER INFORMATION CONTACT: Veneta Chatmon, Office of Public Affairs, Room N-3647, telephone (202) 693-1999 at the Occupational Safety and Health Administration, 200 Constitution Avenue, NW., Washington, DC 20210.

SUPPLEMENTARY INFORMATION: An official record of the meeting will be available for public inspection at the OSHA Docket Office, Room N-2625, telephone 202-693-2350. All ACCSH meetings and those of its work groups are open to the public. Individuals needing

special accommodation should contact Veneta Chatmon no later than April 30, 2000 at the address listed under **FOR FURTHER INFORMATION CONTACT.**

The agenda items for this meeting include:

- Remarks by the Assistant Secretary for Occupational Safety and Health, Charles N. Jeffress.
- ACCSH work group updates, including:
 - Data Collection and Targeting.
 - Musculoskeletal Disorders.
 - Subpart N—Cranes.
 - Fall Protection.
 - Hexavalent Chromium.
 - Process Safety Management.
 - OSHA Form 170.
 - Noise in Construction.
 - Directorate of Construction Reports.
 - Special Presentations, including:
 - Carolina Star Program.
 - OSHA's Rulemaking Process.

The following ACCSH work groups will meet in the Frances Perkins Building:

Safety and Health Program Management and Training: 8:30—10:30 a.m., Tuesday, May 2, room N-3437 C.

Hexavalent Chromium: 10 a.m. to noon, Tuesday, May 2, room N-3437 B. OSHA Form 170: 1 to 5 p.m., Tuesday, May 2, room N-3437 B.

Process Safety Management: 1 to 3 p.m., May 2, room N-3437 C.

Musculoskeletal Disorders: 1-4 p.m., Wednesday, May 3, room N-3437 B.

Noise in Construction: 10 a.m. to noon, Wednesday, May 3, room N-3437 D.

Data Collection/Targeting: 1 to 4 p.m., Wednesday May 3, room N-3437 B.

Fall Protection: 1:15 to 5 p.m., Wednesday, May 3, room N-3437 C.

Work groups may also meet after the adjournment of the ACCSH meeting on Friday, May 5, 2000.

For up-to-date information on ACCSH activities and scheduling, please refer to the OSHA Web site at <http://www.osha.gov>, or call Jim Boom in OSHA's Directorate of Construction at (202) 693-1839.

Interested parties may submit written data, views, or comments, preferably with 20 copies, to Veneta Chatmon at the address listed above under "For Further Information Contact." OSHA will provide submissions received prior to the meeting to ACCSH members, and will include each submission in the record of the meeting. Attendees may also request to make an oral presentation by notifying Veneta Chatmon before the meeting. The request must state the amount of time desired, the interest represented by the presenter (e.g., the name of the business, trade association, government agency),

if any, and a brief outline of the presentation. The Chair of ACCSH may grant the request at his/her discretion and as time permits.

Authority: Charles N. Jeffress, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice under the authority granted by section 7 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656), section 107 of the Contract Work Hours and Safety Standards Act (Construction Safety Act) (40 U.S.C. 333), and Secretary of Labor's Order No. 6-96 (62 FR 181).

Signed at Washington, DC on April 13, 2000.

Charles N. Jeffress,

Assistant Secretary of Labor.

BILLING CODE 4516-26-M

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-344]

Portland General Electric, Trojan Nuclear Plant; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of an amendment to Facility Operating License No. NPF-1 issued to Portland General Electric Company (PGE), the licensee, for the Trojan Nuclear Plant, a permanently shutdown nuclear reactor facility located in Prescott, Oregon.

Environmental Assessment

Identification of Proposed Action

The proposed action would revise the Trojan Nuclear Plant (TNP) Permanently Defueled Technical Specifications (PDTS) by removing Figure 4.1-1, "Site and Exclusion Area Boundaries," from Section 4.0, "Design Features," and incorporate the applicable portion of this figure in the Trojan Nuclear Plant Defueled Safety Analysis Report (DSAR). The proposed action would also make other associated administrative changes resulting from the deletion of Figure 4.1-1, as well as an editorial change to the table of contents. The proposed action is in accordance with the licensee's application for amendment dated November 16, 1999.

The Need for the Proposed Action

The licensee proposed to remove the Trojan site map from the PDTS and incorporate the applicable portion of this figure in the TNP DSAR as part of the NRC's technical specification (TS)

improvement initiative which encourages licensees to request removal of inappropriate and/or unnecessary information from their TSs. This type of site-specific information is not required to be in TSs under 10 CFR 50.36 requirements. Furthermore, this proposed change is consistent with NRC guidance in draft NUREG-1625, "Proposed Standard Technical Specifications (TS) for Permanently Defueled Westinghouse Plants." In concert with Section 50.36 requirements, NUREG-1625 provides guidance in determining a minimum set of standard requirements for permanently shutdown reactor facilities. Additional editorial and administrative changes were also proposed for consistency with the change discussed above.

Environmental Impacts of the Proposed Action

The Commission has completed its evaluation of the proposed amendment to the TNP TSs and concludes that issuance of the proposed amendment will not have an environmental impact. The proposed change in TS site-specific information is consistent with the regulations and regulatory guidance and is considered editorial and administrative in nature. The licensee does not propose any disposal or relocation of nuclear fuel or any changes to structures, systems, components, or site boundaries.

The proposed action will not increase the probability or consequences of accidents, no changes are being made in the types of any effluents that may be released off site, and there is no significant increase in occupational or public radiation exposure. Therefore, there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential non-radiological impacts, the proposed action does not involve any historical sites. It does not affect non-radiological plant effluents and has no other environmental impact. Therefore, there are no significant non-radiological environmental impacts associated with the proposed action.

Accordingly, the Commission concludes that there are no significant environmental impacts associated with the proposed action.

Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action (*i.e.*, the "no-action" alternative). Denial of the application would result in no change in current environmental impacts. The

environmental impacts of the proposed action and the alternative action are similar.

Alternative Use of Resources

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the Trojan plant.

Agencies and Persons Contacted

In accordance with its stated policy, on March 13, 2000, the staff consulted with the State of Oregon official, Mr. Adam Bless of the Oregon Office of Energy, regarding the environmental impact of the proposed action. The State official had no comments.

Finding of No Significant Impact

On the basis of the environmental assessment, the Commission concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the Commission has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's letter dated November 16, 1999, which is available for public inspection at the Commission's Public Document Room, The Gelman Building, 2120 L Street, NW., Washington, DC. Publicly available records will be accessible electronically from the ADAMS Public Library component on the NRC Web site, <http://www.nrc.gov> (the Electronic Reading Room).

Dated at Rockville, Maryland, this 7th day of April 2000.

For the Nuclear Regulatory Commission.

John B. Hickman,

Project Manager, Decommissioning Section, Project Directorate IV & Decommissioning, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

Workshop Concerning the Revision of the Oversight Program for Nuclear Fuel Cycle Facilities

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of public workshop.

SUMMARY: NRC will hold a public workshop at the Nuclear Energy Institute (NEI), 1776 I Street, NW (Republic Place), in Washington, DC to provide the public, those regulated by the NRC, and other stakeholders, with information about and an opportunity to
