Summary of the Application

Applicant: CONSOL Energy Inc. ("CEI"), 1800 Washington Road, Pittsburgh, Pennsylvania 15241.

Contact: William G. Rieland, Vice President, Sales, Telephone: (412) 831-4032.

Application No.: 00-00002.

Date Deemed Submitted: April 7, 2000.

Member (in addition to applicant): AMCI Export Corporation, Latrobe, PA.

CEI seeks a Certificate to cover the following specific Export Trade, Export Markets, and Export Trade Activities and Methods of Operations.

Export Trade

Product

Bituminous coal.

Export Markets

The Export Markets include all parts of the world except the United States, (the fifty states of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands).

The proposed Export Trade Certificate of Review would extend antitrust protection to CEI to conduct the following export trade activities:

1. Gathering and sharing market intelligence about CEI's and member's mutual international competition and the outcome of purchasing decisions in foreign bituminous coal markets;

2. Allocating market opportunities between CEI and member. As sales opportunities arise in foreign countries CEI and member would jointly determine which company is best served to bid for the business. CEI and member would not compete against each other as foreign opportunities develop;

3. Jointly determining the appropriate price that the bidding member would apply to each foreign business opportunity;

4. Predetermine which of CEI's or member's coal production sources would be offered for sale on each foreign business opportunity;

5. Jointly developing logistical arrangements in order to move the bituminous coal to predetermined markets. These activities would include jointly arranging shipment schedules with railroads, barge carriers, vessel loading terminals, unloading terminals and ocean vessel owners; and

6. CEI and member would jointly negotiate vessel rates in order to improve the transportation economics of export bituminous coal shipments to their foreign customers.
