

Paragraph 5000 Class D airspace area consisting of specified airspace within which all aircraft operators are subject to operating rules and equipment requirements of Part 91 of the Federal Aviation Regulation.

AEA MD D Salisbury, MD [Original]

Salisbury-Ocean City, Wicomico County Regional Airport, MD.

(Lat. 3820.26 N/long. 753062 W)

Salisbury VORTAC

(Lat. 3820.70 N/long. 753064 W)

That airspace extending upward from the surface to an including 2,500 feet MSL within a 6.6 mile radius of the Salisbury-Wicomico County Regional Airport. This Class D airspace area is effective during specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport Facility Directory.

[Airspace Docket No. 2000-ASW-08]

Revision of Class E Airspace; Waco, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This notice confirms the effective date of a direct final rule which revises Class E airspace at Waco, TX.

EFFECTIVE DATE: The direct final rule published at 65 FR 14856 is effective 0901 UTC, August 10, 2000.

FOR FURTHER INFORMATION CONTACT: Donald J. Day, Airspace Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, Fort Worth, TX 76193-0520, telephone: 817-222-5593.

SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a request for comments in the **Federal Register** on March 20, 2000, (65 FR 14856). The FAA uses the direct final rulemaking procedure for a noncontroversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised that public that no adverse comments were anticipated, and that unless a written adverse comment, or a

written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on August 10, 2000. No adverse comments were received, and, thus, this action confirms that this direct final rule will be effective on that date.

Issued in Fort Worth, TX, on May 16, 2000.

JoEllen Casilio,

Assistant Manager, Air Traffic Division, Southwest Region.

[Airspace Docket No. 00-ANM-01]

Revision of Class E Airspace, Englewood, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Englewood, CO, Class E airspace to accommodate the revision of a Standard Instrument Approach Procedure (SIAP) at the Centennial Airport, Englewood, CO.

EFFECTIVE DATE: 0901 UTC, August 10, 2000.

FOR FURTHER INFORMATION CONTACT: Brian Durham, ANM-520.7, Federal Aviation Administration, Docket No. 00-ANM-01, 1601 Lind Avenue SW, Renton, Washington 98055-4056; telephone number: (425) 227-2527.

SUPPLEMENTARY INFORMATION:

History

On January 24, 2000, the FAA proposed to amend Title 14 Code of Federal Regulations, part 71 (14 CFR part 71) by revising a Class E airspace extension at Englewood, CO, in order to accommodate a revised SIAP to the Centennial Airport, Englewood, CO. This amendment provides a small amount of additional Class E4 airspace at Englewood, CO, to meet current criteria standards associated with the SIAP. The FAA establishes Class E airspace where necessary to contain aircraft transitioning between the terminal and en route environments. The intended effect of this proposal is designed to provide for the safe and efficient use of the navigable airspace. This rule promotes safe flight operations under Instrument Flight Rules (IFR) at the Centennial Airport and between the terminal and en route transition stages.

The area will be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. Class E airspace areas designated as an extension to a Class D airspace area, are published in paragraph 6004, of FAA
