

Currently, these floor members, along with the rest of the committee, evaluate specialists and vote to allocate securities to specialist regardless of whether their particular experience is in equities or options. After formation of the two new committees, persons who are active on one of the floors will be members only of the committee that governs their floor. The Commission believes that dividing the committees in this manner will bring greater expertise to the Exchange's allocation and evaluation function, while at the same time preserving independent views on each of the two committees. Accordingly, the Commission believes that the proposed rule change will promote just and equitable principles of trade and benefit investors by ensuring that each new committee includes individuals, with more specific expertise, responsible for allocating securities to, and evaluating the performance of, specialists.

**IV. Conclusion.**

*It Is Therefore Ordered*, pursuant to Section 19(b)(2) of the Act,<sup>13</sup> that the proposed rule change (SR-Phlx-00-28) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>14</sup>

**Federal Aviation Administration**

**T.F. Green Airport, Warwick, Rhode Island; FAA Approval of Noise Compatibility Program**

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program submitted by the Rhode Island Airport Corporation under the provisions of title I of the Aviation Safety and Noise Abatement Act of 1979 (Public Law 96-193) and 14 CFR part 150. These findings are made in recognition of the description of Federal and non-federal responsibilities in Senate Report No. 96-52 (1980). On December 22, 1999, the FAA determined that the noise exposure maps submitted by the Rhode Island Airport Corporation under Part 150 were in compliance with applicable requirements. On June 15, 2000, the Acting Associate Administrator approved the T.F. Green Airport noise compatibility program. Of the 47 proposed program elements, 40 were approved and the remaining 7 were acknowledged as needing no FAA approval.

**EFFECTIVE DATES:** The effective date of the FAA's approval of the T.F. Green Airport noise compatibility program is June 15, 2000.
