After a thorough review of the request, the Regional Administrator determined that such a delegation was appropriate for all source categories. All sources subject to the requirements of 40 CFR part 60 will now be under the jurisdiction of the appropriate above mentioned agency.

Since review of the pertinent laws, rules, and regulations for the State agency has shown them to be adequate for implementation and enforcement of existing, previously adopted, undelegated NSPS and future NSPS, EPA hereby notifies the public that it has delegated the authority for existing, previously adopted and undelegated NSPS as well as the mechanism for delegation (automatic) of future NSPS source categories upon publication of this **Federal Register** notice.

The Office of Management and Budget (OMB) has exempted this regulatory action from Executive Order 12866, entitled “Regulatory Planning and Review.”

The Congressional Review Act (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefor, and established an effective date of July 28, 2000. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Authority: This notice is issued under the authority of sections 101, 110, 111, 112 and 301 of the Clean Air Act, as Amended (42 U.S.C. 7401, 7410, 7411, 7412 and 7601).

Dated: June 19, 2000.

AGENCY: Environmental Protection Agency.

ACTION: Notice of deletion of Chemform, Inc. Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region IV announces the deletion of the Chemform, Inc. Site (Site) in Pompano Beach, Broward County, Florida, from the National

Priorities List (NPL). The NPL constitutes Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP) which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended. EPA and the Florida Department of Environmental Protection (FDEP) have determined that all appropriate response actions under CERCLA have been implemented and that no further response action is appropriate. Moreover, EPA and the FDEP have determined that the response actions conducted at the Site to date are protective of public health, welfare, and the environment.

EFFECTIVE DATE: July 28, 2000.

FOR FURTHER INFORMATION CONTACT: Mr. Jamey Watt, Remedial Project Manager, EPA Region IV, 61 Forsyth St. SW, Atlanta, Georgia, 30303, (404) 562-8920.

Comprehensive information on this Site is available through the EPA Region IV public docket, which is available for viewing at two locations. Locations and phone numbers are: USEPA Region IV Record Center, 61 Forsyth St. SW, Atlanta, Georgia 30303, (404) 562-8862 and the Broward County Main Public Library, Government Documents, 100 South Andrews Avenue N.E., Fort Lauderdale, Florida 33301.

SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is the Chemform, Inc. Site, Pompano Beach, Broward County, Florida.

EPA published a Notice of Intent to Delete the Chemform, Inc. Site from the NPL on May 9, 2000 in the **Federal Register** (65 FR 26803). EPA did not receive any comments on the proposed deletion. Therefore, no responsiveness summary is necessary for attachment to this Notice of Deletion.

EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substances Superfund Response Trust Fund (Fund-financed) remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. 40 CFR 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
