BILLING CODE 4410-15-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA")

Pursuant to section 122(d)(2) of CERCLA, 42 U.S.C. 9622(d)(2), notice is hereby given that on July 27, 2000, a proposed Consent Decree in *United States v. Ware Shoals Power & Water, Inc., and Nancy T. Benton*, Civil Action No. 8-99-2346-13, was lodged with the United States District Court for the District of South Carolina.

In this action the United States sought to recover response costs incurred by the Environmental Protection Agency ("EPA") during the performance of a response action to address releases and threatened releases of hazardous substances at the Ware Shoals Dyeing and Printing Superfund Site in Ware Shoals, South Carolina. The Decree resolves the liability of Defendants Ware Shoals Power & Water, Inc., and Nancy T. Benton (collectively "Defendants"), for these costs. The Defendants collectively will pay \$55,000 to the Hazardous Substances Superfund in reimbursement of EPA's costs. In addition, Defendant Ware Shoals will convey the Site property to the Town of Ware Shoals by deed for a purchase price of no more than \$10. The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Ware Shoals Power & Water, Inc., and Nancy T. Benton*, D.J. Ref. 90-11-3-06634.

The Consent Decree may be examined at the Office of the United States Attorney, District of South Carolina, 105

North Spring Street, Suite 200, Greenville, South Carolina 29601, and at EPA Region 4, Atlanta Federal Center, 61 Forsyth Street, SW., Atlanta, Georgia 30303. A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. In requesting a copy, please enclose a check in the amount of \$5.75 (25 cents per page reproduction cost) payable to the Consent Decree Library.

Joel M. Gross,

Chief, Environmental Enforcement Section, Environment & Natural Resources Division.

BILLING CODE 4410-15-M

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification

The following parties have filed petitions to modify the application of existing safety standards under section 101(c) of the Federal Mine Safety and Health Act of 1977.

1. Pine Ridge Coal Company

[Docket No. M-2000-085-C]

Pine Ridge Coal Company, 50 School House Road, Seth, West Virginia 25181 has filed a petition to modify the application of 30 CFR 75.1002 (location of trolley wires, trolley feeder wires, high-voltage cables and transformers) to its Whites Branch Mine (I.D. No. 46-08827) located in Boone County, West Virginia. The petitioner requests a modification to its previously granted petition for modification, docket number M-98-004-C, allowing 2400 volt cables to be used in the last open crosscut at the working continuous miner sections at the Pine Ridge Coal Company, Robin Hood No. 9 Mine (I.D. No. 46-02143), to be transferred to Pine Ridge Coal Company's Whites Branch Mine (I.D. No. 46-08827), where equipment will be transferred and production begins the first of August 2000. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

2. The United Mine Workers of America

[Docket No. M-2000-086-C]

The United Mining Workers of America, P.O. Box 28, Castlewood, Virginia 24224 has filed a petition to modify the application of 30 CFR 75.1712-2 (location of surface facility)

on behalf of the Sea "B" Mining Company, Silver Creek Mine (I.D. No. 44-16895) located in Tazewell County, Virginia. The petitioner requests modification of the existing standard to require suitable transportation be provided for miners traveling to and from the centrally located bathing facility. The petitioner states that the miners have to crawl in mud, coal dust, oil, grease, and other contaminants in the underground mine environment and then drive to the centrally located bathing facility which creates unsafe conditions for the miners, and conflicts with applicable state highway laws that promote safe operation of motor vehicles. The petitioner asserts that the existing standard would result in a diminution of safety to the miners.

3. The Pittsburgh & Midway Coal Mining Company

[Docket No. M-2000-087-C]

The Pittsburgh & Midway Coal Mining Company, P.O. Box 6518, Englewood, Colorado 80155-6518 has filed a petition to modify the application of 30 CFR 75.1700 (oil and gas wells) to its North River No. 1 Mine (I.D. No. 01-00759) located in Fayette County, Alabama. The petitioner proposes to plug and abandon oil and gas wells, and mine through the oil and gas wells with a longwall mining machine instead of maintaining a 300 foot barrier around the well. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

4. Elk Run Coal Company, Inc.

[Docket No. M-2000-088-C]

Elk Run Coal Company, Inc., Box 497, Sylvester, West Virginia 25193 has filed a petition to modify the application of 30 CFR 75.1700 (oil and gas wells) to its White Knight Mine (I.D. No. 46-08055) located in Boone County, West Virginia. The petitioner proposes to plug and mine through oil and gas wells using specific procedures outlined in this petition for modification. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

5. Elk Run Coal Company, Inc.

[Docket No. M-2000-089-C]

Elk Run Coal Company, Inc., Box 497, Sylvester, West Virginia 25193 has filed a petition to modify the application of 30 CFR 75.1700 (oil and gas wells) to its Castle Mine (I.D. No. 46-07009) located in Boone County, West Virginia. The petitioner proposes to plug and mine
