

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 C.F.R. 351.106(c)(2), we will instruct the Customs Service to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., at or above 0.50 percent).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of the administrative review for all shipments of PVA from Japan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Kuraray will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 77.49 percent. This rate is the "All Others" rate from the LTFV investigation.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: August 11, 2000.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 17, 2000.

FOR FURTHER INFORMATION CONTACT:

Dinah McDougall at (202) 482-3773, or Rebecca Trainor at (202) 482-4007, Office 2, AD/CVD Enforcement Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUMMARY: The Department of Commerce is extending the time limit for the preliminary results of the thirteenth administrative review of the antidumping duty order on porcelain-on-steel cookware from Mexico, which covers the period December 1, 1998, through November 30, 1999.

APPLICABLE STATUTE: Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce (the Department) regulations are to 19 CFR Part 351 (April 2000).

SUPPLEMENTARY INFORMATION: Pursuant to section 751(a)(3)(A) of the Act, the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period. The Department

finds that it is not practicable to complete the preliminary results in this thirteenth administrative review of porcelain-on-steel cookware from Mexico within this time limit due to the need to issue verification reports and to conduct numerous margin programming changes resulting from verification findings prior to the preliminary results.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time for completion of the preliminary results of this review until October 16, 2000.

Dated: August 14, 2000.

Background

On June 30, 2000, the Department published the preliminary results of the administrative review of the antidumping duty order on certain preserved mushrooms from the People's Republic of China (PRC) for two manufacturer/exporters (65 FR 40609). We invited interested parties to comment on the preliminary results of review. On July 10, 2000, we received comments from the respondents Mei Wei Food Industry Co., Ltd. (Mei Wei) and Tak Fat Trading Co. (Tak Fat). The petitioners¹ submitted rebuttal comments on July 17, 2000. The Department has now completed this review with respect to exports of certain preserved mushrooms from the PRC by Mei Wei and Tak Fat that were entered during the period May 7, 1998, through January 31, 2000, in accordance with section 751 of the Act and 19 CFR 351.213. The administrative review of certain preserved mushrooms which were exported from the PRC by China Processed Food Import & Export Co. (CPF) and Gerber Food (Yunnan) Co. (Gerber) during the period August 5, 1998, through January 31, 2000, continues and our preliminary results

for these reviews will be issued by October 31, 2000.

Scope of the Review

The products covered by this review are certain preserved mushrooms whether imported whole, sliced, diced, or as stems and pieces. The preserved mushrooms covered under this review are the species *Agaricus bisporus* and *Agaricus bitorquis*. "Preserved mushrooms" refer to mushrooms that have been prepared or preserved by cleaning, blanching, and sometimes slicing or cutting. These mushrooms are then packed and heated in containers including but not limited to cans or glass jars in a suitable liquid medium, including but not limited to water, brine, butter or butter sauce. Preserved mushrooms may be imported whole, sliced, diced, or as stems and pieces. Included within the scope of this review are "brined" mushrooms, which are presalted and packed in a heavy salt solution to provisionally preserve them for further processing.

Excluded from the scope of this review are the following: (1) All other species of mushroom, including straw mushrooms; (2) all fresh and chilled mushrooms, including "refrigerated" or "quick blanched mushrooms"; (3) dried mushrooms; (4) frozen mushrooms; and (5) "marinated," "acidified" or "pickled" mushrooms, which are prepared or preserved by means of vinegar or acetic acid, but may contain oil or other additives.²

The merchandise subject to this review is currently classifiable under subheadings 2003.1000.27, 2003.1000.31, 2003.1000.37, 2003.1000.43, 2003.1000.47.2003.1000.53, and 0711.90.4000 of the Harmonized Tariff Schedule of the United States ("HTS"). Although the HTS subheadings are provided for convenience and Customs purposes, the written description of the scope of this review is dispositive.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Richard W. Moreland, Deputy Assistant Secretary, Import Administration, to

² On June 19, 2000, the Department affirmed that "marinated," "acidified," or "pickled" mushrooms containing less than 0.5 percent acetic acid are within the scope of the antidumping duty order. See "Recommendation Memorandum—Final Ruling of Request by Tak Fat, et al. for Exclusion of Certain Marinated, Acidified Mushrooms from the Scope of the Antidumping Duty Order on Certain Preserved Mushrooms from the People's Republic of China," dated June 19, 2000.

Troy H. Cribb, Acting Assistant Secretary for Import Administration, dated August 11, 2000, which is adopted by this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit in Room B-099 of the main Commerce Building and accessible on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

Based on our analysis of the comments received, the final results remain unchanged from the preliminary results, as we have applied the PRC-wide rate to exports of the subject merchandise by Mei Wei and Tak Fat for the reasons described in the preliminary results (see 65 FR 40610-40611; June 30, 2000). The following margin applies for the period May 7, 1998, through January 31, 2000, for those imports of subject merchandise where the exporter is Mei Wei or Tak Fat:³

Exporter/manufacturer	Margin percentage
PRC-wide Rate	198.63

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries during the period of review, except for those entries made between May 7, 1998, through August 4, 1998, which are enjoined under *Tak Fat v. United States*, CIT court no. 99-03-00143. The Department will issue appraisal instructions directly to the Customs Service. Upon publication of the final results of this administrative review, the cash deposit rate for all shipments by Mei Wei or Tak Fat of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, will be the PRC-wide rate stated in the final results of this administrative review, as provided for by section 751(a)(1) of the Act. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review for these companies.

³ As discussed in the preliminary results, this determination does not constitute a finding of separate rates for Mei Wei or Tak Fat in this segment of the proceeding.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 11, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.
